Re: Re: Inspection(s) DJ16-007 City of Shellman

Docket Number 37080

Dear Ms. Thebert,

This letter is in response to the City of Shellman inspection report DJ16-007, Dated February 11, 2016.

The City of Shellman and our consultants, Harp and Associates, have reviewed the Follow up inspection report received from Pipeline Safety Office and Inspector Daphne Jones.

The City of Shellman failed to write a response letter to the Inspection report DJ16-007 back in 2016. Our consultants at the time of this inspection failed to inform us of replying to the inspection in a timely manner. As per our informal meeting we are writing a general response letter to the Inspection report and recognize the issues and importance of this inspection report.

Should you need further information please let us know.

Respectfully,

Mayor
City of Shellman
