Re: Securus Technologies, LLC (Docket Nos. 5750 and 5915)
Proposed Tariff Revisions

Dear Ms. Tanner,

Enclosed please find proposed tariff revisions to Securus Technologies, LLC's ("Securus") Georgia Public Service Commission Tariff No. 1. The proposed revisions are primarily being made in light of the Federal Communications Commission's Report and Order, Order on Reconsideration, Clarification and Waiver, and Further Notice of Proposed Rulemaking, FCC 24-75, released July 22, 2024 and effective November 19, 2024 (the "FCC 2024 Order"); issuing new intrastate rate cap, site commission, and other requirements to be implemented in a rolling manner from January 1, 2025, through April 1, 2026, according to criteria set forth in the FCC 2024 Order regarding each correctional facility contract's effective date. On June 30, 2025, the FCC issued a temporary waiver of the deadlines for implementing the rate cap, site commission, and per-minute pricing rule adopted in the 2024 IPCS Order and extended the compliance date to April 1, 2027.

In addition to the above noted changes, Securus is also making a few administrative changes to update or remove obsolete language in its tariff.

The requested effective date for this filing is October 31, 2025.

Sheets affected by this filing include the following:

- Fourth Revised Sheet No. 1 updating the Regulatory contact in the Title Page footer.
- Twenty-Second Revised Sheet No. 2 updating the Check Sheet.
- First Revised Sheet No. 10 removing obsolete Debit language found in Section 2.7.
- Fourth Revised Sheet No. 19.3 updating the rate cap language found in Section 6.1.

SECURUS Technologies®
an aventiv company

- Fifth Revised Sheet No. 25 removing obsolete AdvanceConnect language found in Section 9.
- Third Revised Sheet No. 28 removing obsolete Securus Debit language found in Section 11.

Securus sincerely appreciates your attention to this matter. Should you have any questions regarding this correspondence, please contact the undersigned at (972) 277-0395 or by email at debbie.conde@securustechnologies.com. You may also contact Klint Arnold – Sr. Manager, Regulatory at (972) 277-0421 or by email at klint.arnold@securustechnologies.com.

Sincerely,

/s/

2.5. The rates and regulations contained in this tariff apply only to the services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other Common Carrier for use in accessing the services of the Company.

2.6. The Company's obligation to furnish service hereunder is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and contractual rights necessary for the provision of the service.

2.7. The Company's Debit Services are offered for Customer use 24 hours a day, seven days a week to all valid terminating locations specified in this section.

Access to the Company's Debit Services is via a toll-free number. The Customer must input a valid Authorization Code in addition to the destination number with area code.

Purchase of a Debit Card or establishment of a Debit Account entitles the consumer to access the Carrier's network for a preset amount of usage. Usage will be debited from the available card or account balance in full-minute increments on a real-time basis. Customers will be interrupted with an announcement when the account balance is about to be exhausted.

Debit Cards are valid from one year of the date of issuance. Unused prepaid balances may be used by the Inmate User or Authorized User following release from the correctional facility only through the Company's network by dialing a special toll-free access number which automatically connects the call to the Company's network. Unused prepaid balances are not refundable nor may Debit Cards be replenished upon depletion.

Unlike a deposit or advance payment, the Debit Card account balance is not held against future payment as all service is available for immediate consumption.

For Debit Accounts, the prepaid balance may be replenished by depositing funds into the account via the facility administrator. Following their release from the correctional facility, the Inmate User may request a refund from the facility administrator. (D) (D)

The below content was previously found on Original Sheet No. 19.1. (D)

6. RATES AND CHARGES

This section sets forth the rates and charges applicable to the Company's intrastate telecommunications service offering. Confinement facility rates will not exceed these rate caps.

6.1. Local/IntraLATA/InterLATA Usage Rates

Collect/Prepaid Collect/Debit/Prepaid Calling Card

Pursuant to the Federal Communications Commission's Third Report and Order, Order on Reconsideration, and Fifth Further Notice of Proposed Rulemaking, FCC 21-60, released May 24, 2021 and effective October 26, 2021 (the "FCC 2021 Order"), the jurisdictional nature of an intrastate call depends exclusively on determining the physical location of the endpoints of the call being within the State of Georgia. To the extent that location data is not available, a call will be treated as jurisdictionally indeterminate and, therefore, subject to FCC jurisdiction. As a result, all call rates in this tariff are subject to the FCC's jurisdiction and rules regarding ICS. Securus' practices in connection with charging ICS call rates in connection with Inmate Calling Services complies with Federal Communications Commission Rule 47 CFR § 64.6030. Also pursuant to the FCC 2021 Order, any lower Georgia state ICS rate caps will also apply to any jurisdictionally indeterminate ICS call. If Securus segregates intrastate ICS from interstate ICS based on the physical location of the endpoints of an ICS call, then any other applicable Georgia state ICS rate caps will apply. The maximum ICS rates permitted by the FCC 2021 Order are set forth in the following table:

Type / Size of Facility	Maximum Rate Cap
Prison	$0.14 per minute*
Jails with ADP of 1,000 or more	$0.16 per minute*
Jails with ADP less than 1,000	$0.21 per minute

* May include a Site Commission up to $0.02 per minute pursuant to Securus' contract with the applicable Correctional Facility. (D)

The Federal Communications Commission's Report and Order, Order on Reconsideration, Clarification and Waiver, and Further Notice of Proposed Rulemaking, FCC 24-75, released July 22, 2024 and effective November 19, 2024 (the "FCC 2024 Order"); issued new intrastate rate cap, site commission, and other requirements to be be implemented in a rolling manner from January 1, 2025, through July 1, 2026, according to criteria set forth in the FCC 2024 Order regarding each correctional facility contract's effective date. On June 30, 2025, the FCC issued a temporary waiver of the deadlines for implementing the rate cap, site commission, and per-minute pricing rule adopted in the 2024 IPCS Order and extended the compliance date to April 1, 2027. Until the final transition of correctional agencies in Georgia, the maximum rate caps from the FCC 2021 Order, set forth above, will remain in effect. (T) (T) (N) (N) (N)

Local (Applicable to Jails with ADP less than 1,000) (D)
Each Minute $0.18 (not to exceed $2.70)

9. AdvanceConnect Accounts

End Users who prefer to pay in advance for Collect Calls that originate from Confinement Facilities, may set up an AdvanceConnect Account with the Company with an initial payment. The Account is set up with the initial payment and may be replenished by the End User. (D) (D)

When the balance in an AdvanceConnect Account reaches ten dollars ($10) or below, the End User will receive an automated courtesy call from the Company notifying the End User with such an announcement. If the End User's balance reaches zero prior to replenishment of the Account, the End User will be blocked from receiving further calls from any Confinement Facility served by the Company until the balance is replenished or an alternative billing arrangement is made.

The End User may request a refund of the available balance in the AdvanceConnect Account either by written request to the Company or by contacting the Company at its toll-free telephone number once the End User verifies certain account information. Any such unused balances will expire in one hundred eighty (180) days following the last call made, unless the balance is either fully depleted or a refund has been requested. An End User may request a refund of an unused account balance until final disposition of those funds. (T)

AdvanceConnect Account service is available twenty-four (24) hours a day, seven (7) days a week to all terminating locations served. Access to such services by the Inmate User may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest one (1) cent on a per call basis. Balances are not charged for incomplete calls.

11) Securus Debit Accounts

Securus Debit is a prepaid telephone account offering made available to Inmates by the Company when permitted by the Confinement Facility. Securus Debit provides an alternative method for Inmates to prepay for and make calls. A Securus Debit account associated with the Inmate's Personal Identification Number (PIN) is automatically established by the Company. Inmates fund and replenish their Securus Debit account through electing to transfer funds from either their facility's inmate trust fund or commissary account to their Securus Debit account. Securus Debit accounts may also be funded by inmate friends and family members via the Company's points-of-sale. Funds placed in this account become the property of the inmate.

Securus Debit calls are processed by dialing a special access dialing sequence that connects directly to the Company's network at the Confinement Facility. Inmates must enter a valid Authorization Code to access their Securus Debit account. The Company's system automatically informs the Inmate of the prepaid balance remaining on the Securus Debit account prior to each call, provides prompts to place the call by entering the destination telephone number, and informs the Inmate of the rates for the call being attempted. Call charges are deducted from the prepaid account balance on a real-time basis as the call progresses. During a Securus Debit call, when the prepaid account balance is one minute prior to depletion, the Inmate will be interrupted with such an announcement.

Securus Debit services are available twenty-four (24) hours a day, seven (7) days per week to all terminating locations serviced. Access to such telephone services by an Inmate may be subject to time-of-day and usage restrictions imposed by individual Confinement Facilities. No minimum service period applies. For debiting purposes, call timing is rounded up to the nearest one (1) minute increment. Usage charges are computed and rounded up to the nearest one (1) cent on a per call basis. Prepaid balances are not charged for incomplete calls.

Refunds of unused Securus Debit account balances are issued by the entity controlling the actual cash deposits, which is either the Company, the commissary, the Confinement Facility or its agent, depending on the specific arrangements, unless otherwise directed by state law. Depending on the entity issuing the refund, refund fees and/or minimum refund amounts may apply. (D)
