Re: Southern Company Services, Inc.
Errata to 2023 Informational Filing – Intercompany Interchange Contract
Docket No. ER10-171-000

Dear Secretary Bose:

On November 1, 2022, Southern Company Services, Inc. ("SCS"), acting on its own behalf and as agent for Alabama Power Company, Georgia Power Company, Mississippi Power Company, and Southern Power Company, submitted the annual informational filing required under the Southern Company System Intercompany Interchange Contract ("IIC"),[1] executed on May 1, 2007.

Since filing, SCS has identified several instances within Exhibit I where Peak Load Capacity (Column J) was incorrectly categorized as Full Load Capacity (Column I). SCS is therefore submitting a PDF clean copy of the full corrected annual informational filing, as well as a clean copy of the corrected Exhibit I in native format. For ease of review, SCS is also submitting a PDF file with the changes to the effected pages of Exhibit I indicated in red font.

Copies of these enclosures have been sent to representatives of parties to the IIC. If you have any questions concerning this informational filing, please contact the undersigned.

[1] Designated in the Commission's eTariff Viewer as Alabama Power Company, Cost Based Rate Tariffs, Rate Schedule No. 138, Southern Company System Intercompany Interchange Contract.

Sincerely,

/s/ Abby C. Fox
