BEFORE THE GEORGIA PUBLIC SERVICE COMMISSION

GEORGIA POWER COMPANY
DOCKET NO. 56298

BASIS FOR THE ASSERTION THAT THE INFORMATION SUBMITTED AS TRADE SECRET

As part of Georgia Power Company's Application for the Certification of Capacity from the 2029-2031 All-Source RFP ("All-Source Application"), Docket No. 56298, Georgia Power Company ("Georgia Power" or the "Company") submits to the Georgia Public Service Commission its second errata to its All-Source Application, which contains specific Company-owned Proposal project information (the "Information"). All such Information constitutes trade secret information of the Southern Company, Georgia Power, and its affiliates and is therefore protected from public disclosure under Commission Rule 515-3-1-.11.

The Information derives economic value from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. Specifically, the Information contains financial model details and project cost amounts. Public dissemination of the Information would provide third parties, including vendors, competitors, and service providers, with insight into project-specific costs, cost categories, and timelines for spending such amounts. Third parties could use the Information to determine the Company's anticipated costs for specific projects and use the Information to tailor bids, proposals, and negotiations in such a way as to create an arbitrary price floor. This would put the Company at a competitive disadvantage and create economic harm to customers in the form of higher rates and prices. Competitors are not required to disclose similar customer information and to require Georgia Power to do so would put it at an economic disadvantage.

The Information is subject to substantial procedures to maintain its secrecy. Only select Georgia Power and Southern Company Services personnel are granted access to the Information. Those personnel receive access only on a "need to know" basis. Parties outside the Company who have been granted access to the Information, if any, have been required to sign confidentiality agreements with respect to the Information.

Jeffrey R. Grubb, first being duly sworn, deposes and states that he has reviewed the Second Errata to the All-Source Application and all other related documents included in this filing in Docket No. 56298, and that the specific information designated as trade secret constitutes trade secrets in accordance with O.C.G.A. § 10-1-761 (2019).

Jeffrey R. Grubb
Director, Resource Policy and Planning
Georgia Power Company

Subscribed and sworn to before me this 2nd day of December, 2025.
