Re: Georgia Power Company's 2025 Request for Proposals for Energy Storage System Resources, Docket No. 56139

Dear Ms. Tanner:

In compliance with the Georgia Public Service Commission's ("Commission") Rules regarding a Request for Proposals ("RFP") and the Commission's July 29, 2022 Order Adopting Stipulation in Georgia Power Company's ("Georgia Power") 2022 Integrated Resource Plan, Docket No. 44160, enclosed for filing are the final drafts of the following documents in support of Georgia Power's Energy Storage System ("ESS") 500 RFP:

- ESS RFP Document
- ESS Pro Forma PPA (Paired Facility)
- ESS Pro Forma PPA (Standalone + Paired with Existing Renewable Resource)

Georgia Power will prepare a Summary of Proposed Changes to the ESS RFP, which captures all the changes Georgia Power made to the RFP Documents based on comments received from bidders and interested parties during the Comment Period. The Summary of Proposed Changes, as well as clean and redlined copies of each of the revised documents listed above, will be included on the independent evaluator's website ("IE Website").

Georgia Power respectfully requests Commission approval of the ESS RFP Document, the ESS Pro Forma PPA (Paired Facility), and the ESS Pro Forma PPA (Standalone + Paired with Existing Renewable Resource).

If you have any questions regarding this filing, please call me at (404) 885-3779.

Best regards,
