REQUEST FOR TRADE SECRET TREATMENT

Pursuant to Rule 515-3-1-.11, Clearwave Georgia Asset Entity, LLC ("Clearwave"), by its attorneys, respectfully requests that the Georgia Public Service Commission (the "Commission") grant protection from public disclosure and afford confidential treatment to the financial statements of Clearwave's ultimate parent, Clearwave Fiber LLC ("Clearwave Parent"), submitted as Exhibit E to the above-referenced Applications (the "Information"). Clearwave requests that the Commission afford the highest level of protective treatment to the Information and asks that the Information be made available only to the Commission.

Clearwave requests confidential treatment of the Information because it contains detailed and highly confidential data regarding Clearwave Parent's assets, liabilities, and financial condition. The Information is proprietary, sensitive, commercial, and financial information that is not publicly available and, if released, could be used by Clearwave's competitors to cause competitive harm. The potential harm to Clearwave, Clearwave Parent, and Clearwave Parent's

other subsidiaries is substantial, and the need for proprietary protection of the Information outweighs any need for public disclosure at this time. As such, the Information should be afforded protection from public inspection.

Disclosure of the Information would have adverse competitive consequences for Clearwave. Absent protection from disclosure, Clearwave's competitors would have access to sensitive and private financial data of Clearwave, Clearwave Parent, and Clearwave Parent's other subsidiaries, which are not publicly-traded companies. Because Clearwave is operating in a highly competitive market, public availability of the Information would adversely disadvantage Clearwave. Release of the Information to the public would cause undue economic damage and substantially harm Clearwave's ability to compete in the marketplace.

Protection of the Information does not affect the public interest and does not restrict interested parties from participating in the administrative process. Furthermore, the harm that would result from disclosure of the Information far outweighs the public interest in accessing the Information.

All notices and inquiries concerning this request should be directed to:

Accordingly, and for the foregoing reasons, Clearwave respectfully requests that the Commission afford confidential treatment to the Information set forth in Exhibit E to the above-referenced Applications. In the event that this request is denied, please provide the undersigned with notice of that determination prior to making the Information available to the public. Clearwave further requests that the Commission stay the release of the Information until such

time as an application for review of the determination is resolved. Disclosure of the Information without affording Clearwave an opportunity to contest a finding against confidentiality would prejudice Clearwave and render moot any successful appeal.

Dated: January 9, 2026

Respectfully submitted,

/s/ Angela F. Collins
