BEFORE THE GEORGIA PUBLIC SERVICE COMMISSION

IN RE: PUBLIC SERVICE TELEPHONE COMPANY FORM 5322 ACCESS LINE COUNTS	)
STATE OF GEORGIA	)
COUNTY OF TAYLOR	)

AFFIDAVIT

Personally came and appeared before me, the undersigned Notary, the within named, James L. Bond, who is a resident of Bibb County, State of Georgia, and makes this his statement and Affidavit upon oath and affirmation of belief and personal knowledge that the following matters, facts and things set forth below are true and correct to the best of his/her knowledge.

Public Service Telephone Company (herein referred to as PSTC) files herewith this Statement for Trade Secret Protection for PSTC's access line counts, including all associated work papers, pursuant to Section 515-3-1-.11 of the Rules of the Georgia Public Service Commission, and states as follows:

1. Rule 515-3-1-.11 requires that a party claiming that information constitutes a trade secret provide, in writing, that basis of this claim. Rule 515-3-1-.11(c) specifically requires that this statement detail (1) the economic benefit derived from the information not being generally known; (2) the economic benefit to others if disclosure were to occur; and (3) the procedures utilized to maintain confidentiality. This statement is submitted pursuant to those requirements. PSTC is submitting this statement in accordance with the Commission's rules requiring submission of access line counts by exchange and county. The access line counts by exchange and county are trade secret.
2. The subject trade secret material are the access line counts.
3. The release of the access line counts would create a disadvantage to PSTC by providing its competitors an unfair advantage by disclosing data regarding PSTC's customers that is not generally known and would not be readily ascertainable to third parties by any proper means. PSTC takes all appropriate and legal measures to ensure that such information is disseminated internally only to those with a need to know, and that all public measures are taken to protect the information when it is required to be filed in a public forum.
4. Release of PSTC's proprietary access line counts to the general public would provide PSTC's competitors an unfair advantage in a competitive market.

Said filing includes Company operational and financial data which the company designates as trade secret and protected information as those terms are defined and used in O.C.G.A. §10-1-761(4).

Pursuant to the terms of Commission Rule 515-3-1-.11, PSTC is providing information under protective seal (each page is marked "Trade Secret"). In addition to the original marked as Trade Secret" PSTC is providing a public disclosure version of the filing with trade secret information redacted.

FURTHER AFFIANT SAYETH NOT.

Public Service Telephone Company

SWORN TO and subscribed before me, the undersigned Notary Public, on the 16th day of January 2026.
