Re: CO Code Extension Request

To Whom It May Concern,

Pursuant to the guidelines for numbering extension requests, please find the details below:

- CO Code: 762-420
- Original Part 4 Due Date: 12/01/2025
- Date Assigned to Onvoy by NANPA: 12/03/2025
- CO Code Transfer Effective Date: 01/30/2026

Reason for Extension:
ONVOY, LLC – GA (OCN 067D) received a request from the NANPA (North American Numbering Plan Administrator) on 12/02/2025 stating they had received a disconnect request for CO Code 760-420, therefore NANPA was seeking a new CO Code Holder. Onvoy filed the necessary Part 1 the same day and received the confirmation of the transfer on 12/3/2025. The CO Code was not assigned to Onvoy on 12/01/2025 thus we were unable to provide the necessary in service confirmation. As the CO Code is not yet in service on our network, we are unable to complete the Part 4 until after the effective date (01/30/2026).

Impact if Reclaimed:
If the CO Code is reclaimed, it would cause operational impacts including service disruptions for assigned customers in our thousands-block within the CO Code.

Onvoy would like to request an extension until February 27, 2026, to allow for the required testing and necessary SPID migration to take place.

Thank you for your assistance in this matter, if you have any questions please contact me via the information below.

Regards,
