LIBERTY UTILITIES (PEACH STATE NATURAL GAS) CORP.'S NOTICE OF CONSTRUCTION ACTIVITY WITHIN EIGHTY FEET OF ANOTHER OPERATOR

Liberty Utilities (Peach State Natural Gas) Corp. ("Liberty Utilities") hereby files this Notice of Construction Activity within Eighty (80) Feet of Another Operator (this "Notice"), showing that Liberty Utilities shall install pipe, as necessary, in proximity to another Operator, Atlanta Gas Light Company ("AGL").

Liberty Utilities will be replacing an existing 4" pipeline with a new 16" transmission pipeline within its existing right-of-way for the Gainesville Transmission Line Replacement Project (the "Project"). The Project was approved in the 2025 GRAM (Docket 42959) as being necessary to meet Liberty Utilities' capacity needs for current and future customers, and to accommodate incremental increase in gas demand in Hall, Jackson, and Barrow Counties. The Project is essential to allow growth on the system by increasing capacity and replacing aging infrastructure to maintain safety.

Maps portraying the locations of the installation in proximity to AGL lines are attached hereto as Exhibit A. The installation of the 16" transmission pipeline will proceed from Barrow County, Georgia, as shown on Page 6 of Exhibit A, and extend northwest through Jackson County into Hall County. Pages 4 and 5 of Exhibit A show proximities in Jackson County, and Pages 2 and 3 show proximities in Hall County. Construction of the pipeline is expected to begin in May, 2026.

There are no additional or new crossings associated with the Project. There is no change in the joint response area for the affected counties. There is no change in Certificated Areas. There is no change in countywide safety boundaries. There is no objection by AGL, the only affected Operator in the above counties, with respect to the Liberty Utilities' construction of the Project as described herein. Liberty Utilities will take all necessary steps to ensure safety in the installation and maintenance of the facilities required to be installed within 80 feet of AGL's line(s). Liberty Utilities will comply with the safety standards set forth under federal and state law, including the approved CWSP for Barrow, Jackson, and Hall Counties.

Respectfully submitted this 4th day of February, 2026.

TRADE SECRET FILING OF
LIBERTY UTILITIES (PEACH STATE NATURAL GAS) CORP.

Liberty Utilities (Peach State Natural Gas) Corp. ("Liberty Utilities" or the "Company") hereby files with the Georgia Public Service Commission ("Commission") the Company's Notice of Construction Activity within Eighty (80) Feet of Another Operator in the above referenced dockets. This filing contains data and information that are of a proprietary and trade secret nature. Additionally, the data and information are exempt from public disclosure under O.C.G.A. § 50-

18-72(a)(34). Liberty Utilities is therefore filing the application as proprietary and trade secret pursuant to Commission Rule 515-3-1-.11 governing trade secrets.

The data and information reflected in the application derive economic value to the Company and to the Company's customers from not being generally known to others. Liberty submits that data and information contained in this filing are highly confidential and competitively sensitive. Accordingly, consistent with the Company's own interests, and the interests of its customers, the Company protects this information against disclosure.

Pursuant to the terms of Commission Rule 515-3-1-.11, Liberty is providing the information under protective seal (each printed page is marked "Trade Secret") to the Commission Staff. The trade secret documents have been numbered and the Company is maintaining a master list of these documents.

Additionally, the affidavit of Carolyn Bermudez is attached hereto.

Simultaneously with this Trade Secret filing, the Company is filing public disclosure documents in this docket.

Respectfully submitted this 4th day of February, 2026.
