Re: Georgia Power Company's 2024 Distributed Generation Request for Proposals, Final Filing and End of Process Standards of Conduct Acknowledgment and Final Evaluation Team List; Docket No. 55623

Dear Ms. Tanner:

Georgia Power Company's ("Georgia Power" or the "Company") 2024 Distributed Generation Request for Proposals for Solar Photovoltaic Generation ("2024 DG RFP"), approved by the Georgia Public Service Commission (the "Commission") on October 3, 2024, has concluded. Georgia Power hereby (i) submits the final list of Power Purchase Agreements ("PPAs") deemed certified by the Commission, (ii) requests an additional sum in accordance with the Commission's Final Order approving Georgia Power's 2022 Integrated Resources Plan in Docket No. 44160 ("2022 IRP Final Order "), and (iii) submits the final Evaluation Team List thereby closing out the standards of conduct for the 2024 DG RFP.

Between November 5, 2025, and December 4, 2025, Georgia Power filed two batches of executed PPAs from the 2024 DG RFP seeking to have the Commission deem them certified. The 2024 DG RFP's final portfolio of 16 winning PPAs consists of approximately 70.299 megawatts ("MW"). Georgia Power has attached as Attachment 1, a final summary spreadsheet that includes project-specific information for the portfolio of successful DG solar projects.

In addition, pursuant to the Commission's 2022 IRP Final Order, Georgia Power is approved to recover a levelized additional sum of $4.00/kW-yr for the DG solar projects procured through the 2024 DG RFP.[1] Georgia Power has provided the project-specific information to support the additional sum request to Staff. Georgia Power hereby requests an additional sum for the 16 DG projects with executed PPAs, which totals to a levelized amount of $281,196.00 per year for a term of 30 years.

Additionally, in accordance with Commission Rule 515-3-4-.04(3)(d), and pursuant to Georgia Power's 2024 DG RFP, enclosed for filing as Attachment 2 are the Evaluation Team End of Process Standards of Conduct Form, including the Acknowledgement each team member was asked to sign, and the Final 2024 DG RFP Evaluation Team list. Every effort was made to contact members of the Evaluation Team who are now either retired or who have left Southern Company or Georgia Power employment (as indicated on the final Evaluation Team Lists) and despite best efforts, those Evaluation Team End of Process Standards of Conduct Acknowledgments were not obtained. This filing constitutes the final filing for the 2024 DG RFP Evaluation Team.
