SEE ATTACHED INSPECTION REPORT

On August 6, 2025, Pipeline Safety Staff reported to the city of Millen Natural Gas System to conduct an Operator Qualification inspection for compliance with the minimum federal safety standards.

During the inspection, the Operator was represented by:
Johnny Thomas - Utility Director
Dennis Small - Gas Operator
Brandon Taylor - Gas Tech
Tara Gary - Gas Utility Administrator

Commission Staff was represented by:
Jason Smith - Lead Inspector
Glen Murphy - Pipeline Safety Inspector

At the time of this inspection, the City of Millen Natural Gas System was under five (5) previously existing probable violations. Staff reviewed these probable violations with the Operator under Follow-Up Inspection Number JS25-022.

During this inspection, Staff utilized PHMSA Operator Qualification Plan Review inspection form to review the City of Millen Natural Gas System's OQ plan and records, which includes their process on ensuring contractors compliance.

NO VIOLATION FOUND

During this inspection, Staff conducted a review of the City of Millen Natural Gas System's Operator Qualification program to ensure they had, and followed a written OQ plan, that covered tasks were being performed in accordance with appropriate operator-approved procedures, and that individuals performing the observed covered tasks were qualified and adhering to the operator-approved procedures as written. Staff also verified the Operator has a process in place to ensure contractors working in their system are in compliance.

While on site, Staff performed a protocol 9 Operator Qualification field verification inspection on gas department personnel. The Operator provided the qualification records for Brandon 'Tyler' Taylor - gas technician, for Staff to examine prior to observing performance of the task. Staff verified that his qualification records were current.

Brandon Taylor performed:
- Task # 0301-B - 'Manually Open and Close Valve (Meter Turn-On & Off)' - qualified through April 24, 2028.
- Task # 0681 - 'Joining of Plastic Pipe: Stab Fittings' - qualified through April 28, 2026.
- Task # 0721 - 'Joining of Pipe: Threaded Joints' - qualified through April 30, 2028.

Staff verified that Brandon Taylor was able to perform the covered task according to the Operator's written procedures and was able to identify abnormal operating conditions that may be encountered.

As a result of these inspections Staff noted no probable violations of the minimum federal safety standards.

Please review and respond to this report in accordance with the attached Instructions for Responding to Enforcement Letters Issued by the Georgia Public Service Commission.
