Sallie Tanner, Executive Secretary
Georgia Public Service Commission
244 Washington Street, S.W.
Atlanta, GA 30334-9052

Re: Joint Notification of DigitalBridge Group, Inc., ("Transferor"), Knology of Georgia, LLC; Globe Telecommunications, Inc.; Knology of the Valley, Inc. ("Licensees"); and Duncan Holdco LLC (Transferee") of the indirect Transfer of Control of Licensees to Transferee

Dear Secretary Tanner:

DigitalBridge Group, Inc. ("DigitalBridge" or "Transferor"), Knology of the Valley, Inc., Globe Telecommunications, Inc., and Knology of Georgia, LLC (collectively "Licensees" and together with WideOpenWest, Inc. "WOW"), and Duncan Holdco LLC ("Duncan" or "Transferee") (collectively the "Parties") notify the Georgia Public Service Commission (the "Commission") of Duncan's proposed indirect acquisition of a controlling interest in DigitalBridge, which will result in the indirect transfer of DigitalBridge's indirect interest in the Licensees to Duncan and its ultimate parent company SoftBank Group Corp. ("SoftBank") (the "Proposed Transaction"). This transaction does not involve the issuance of stocks, bonds, notes, or other evidences of debt payable more than 12 months after the date of issuance. Further, the Proposed Transaction will not involve the transfer of any Certificates or assets held by the Licensees as the Licensees will continue to operate their business as they do today with no disruption to their services.

The Parties submit this notice pursuant to the Commission's guidance on the approval requirements set forth in O.C.G.A. § 46-2-28.[1] In support of this filing, the Parties provide the following information:

Description of the Parties

A. Transferor — DigitalBridge Group, Inc. ("DigitalBridge")

DigitalBridge is an investment firm headquartered in Florida. Shares of common stock of DigitalBridge are currently traded on the New York Stock Exchange ("NYSE") under the ticker symbol DBRG and are widely held. DigitalBridge is an asset management firm managing investment vehicles that invest globally in digital infrastructure across five key verticals: data centers, cell towers, fiber networks, small cells, and edge infrastructure. DigitalBridge manages approximately $108 billion on behalf of its shareholders as well as the limited partners ("LPs") in its investment fund vehicles and is focused on identifying differentiated investment opportunities within digital infrastructure around the world. Each DigitalBridge investment vehicle general partner ("GP") typically holds a de minimis GP equity interest in the fund vehicle it manages (and thus also in the underlying portfolio companies), while exercising control over the fund and its investment decisions.

[1] *See* Georgia Public Service Commission Telecommunications Unit Financing Authority Requirements and Procedures (Rev. July 28, 2021) ("The following transactions do not require formal approval by the Commission under O.C.G.A. § 46-2-28: Mergers, acquisitions, or transfers of control that do not involve the issuance of stocks, bonds, notes, or other evidences of debt payable more than 12 months after the date of issuance.").

Pursuant to a transaction the Commission acknowledged on October 2, 2025,[2] which closed on December 31, 2025, WideOpenWest, Inc. ("WOW Parent"), the indirect parent of the Licensees is ultimately owned as follows: (1) DigitalBridge Partners III, LP ("DBP III"), a Delaware limited partnership, a digital infrastructure private equity fund headquartered in Boca Raton, Florida, managed by an affiliate of DigitalBridge holds 63% of the equity of the WOW Parent; and (2) Crestview W1 Holdings, L.P., a Delaware limited partnership ("Crestview W1"), and other affiliated entities (collectively "Crestview III"), each an entity owned by private equity funds managed by Crestview Advisors, L.L.C. ("Crestview"), which is a New York-based private equity firm, holds 37% of the equity of WOW Parent.

Specifically, DBP III and Crestview III have aggregated their ownership of WOW Parent through a Delaware limited partnership, Bandit Parent, LP ("Bandit Parent"), which is managed by a general partner, Bandit Parent GP, LLC ("Bandit Parent GP"), which is jointly controlled by DBP III and Crestview III. Bandit Parent, in turn, has formed an intermediate Delaware holding company, Bandit HoldCo, Inc., which is the sole shareholder in Bandit MidCo, Inc. ("Bandit MidCo"), the sole shareholder in WOW Parent.

Bandit Parent GP governs WOW Parent's operations and those of the Licensees and is governed by a nine-member board of directors with each of DigitalBridge and Crestview III entitled to nominate four voting directors. The ninth director is the Chief Executive Officer of WOW Parent, who is a non-voting member of the board of directors. Further details regarding DBP III and Crestview III's current indirect ownership of WOW Parent and the Licensees are set forth in **Exhibit A.**

B. Transferee – Duncan Holdco LLC ("Duncan")

Duncan, a Delaware limited liability company and an indirect wholly owned subsidiary of SoftBank, is a vehicle established for SoftBank investments in the United States. Duncan is a holding company with no independent operations of its own. Duncan's investment in DigitalBridge will be held indirectly through two intermediate entities, Duncan Holdco II LLC ("Duncan II"), and Duncan II's wholly owned subsidiary, Duncan Holdco III LLC ("Duncan III"). Duncan II and Duncan III, like Duncan, are Delaware limited liability companies established for SoftBank investments in the United States that have no independent operations of their own.

SoftBank, a publicly traded Japanese corporation (*Kabushiki Kaisha*), is a leading technology investor with broad investment in AI infrastructure, with which the Proposed Transaction aligns. SoftBank and its affiliates have invested over $150 billion in nearly 300 U.S. technology companies since 2017. As set forth in **Exhibit A**, SoftBank's largest individual shareholder is Masayoshi Son, a citizen of Japan.

C. Licensees and WideOpenWest, Inc.

WOW Parent is a Delaware corporation that is a diversified communications service provider holding company with corporate headquarters in Englewood, Colorado. Through its operating subsidiaries, WOW Parent provides an array of communications, video, and broadband services, including digital cable, HDTV, DVR, high speed Internet, Voice over Internet Protocol ("VoIP"), and local and long distance phone services. WOW Parent subsidiaries currently serve customers in Alabama, Florida, Georgia, Michigan, South Carolina, and Tennessee. Specified licensees provide services as rural

[2] Letter from L. Bowles, Notification of Indirect Transfer of Control of WideOpenWest, Inc., Knology of Georgia, LLC; Globe Telecommunications, Inc.; Knology of the Valley, Inc. and Bandit MidCo, Inc., Docket Nos. 3, 7584 and 7627 (Oct. 2, 2025).

incumbent local exchange carriers ("ILECs") in Alabama and Georgia, while the other subsidiaries provide broadband, video, and VoIP services.

1. Knology of the Valley, Inc.

Knology of the Valley, Inc. is a Georgia corporation that is an ILEC serving rural communities in Alabama and Georgia.

2. Knology of Georgia, LLC

Knology of Georgia, LLC is a Delaware limited liability company that is authorized as a competitive local exchange carrier ("CLEC") and interexchange carrier ("IXC") in Georgia and holds Certificate L-050.

3. Globe Telecommunications, Inc.

Globe Telecommunications, Inc. is a Georgia corporation that is authorized as a CLEC and IXC in Georgia and holds Certificate L-055. Globe Telecommunications, Inc. also is authorized as an IXC in Alabama.

Description of the Proposed Transaction

On December 29, 2025, DigitalBridge, its operating subsidiary DigitalBridge Operating Company, LLC ("DBOC"), Duncan, Duncan Sub I Inc. ("Merger Sub I"), and Duncan Sub II LLC ("Merger Sub II") entered into an Agreement and Plan of Merger (the "Agreement") pursuant to which Duncan will indirectly acquire a controlling interest in DigitalBridge and DBOC, through two coordinated reverse subsidiary mergers, with each target entity surviving the applicable merger. At closing, Merger Sub I (an indirect subsidiary of Duncan),[3] will merge with and into DigitalBridge, with DigitalBridge surviving as a majority-owned, indirect subsidiary of Duncan. Immediately following the first merger, Merger Sub II (a subsidiary of Merger Sub I), will merge with and into DBOC, with DBOC surviving as a direct subsidiary of DigitalBridge. As a result of these mergers, each of DigitalBridge and DBOC will become indirect subsidiaries of SoftBank. As discussed below, after the closing of the Proposed Transaction, SoftBank anticipates that DigitalBridge will continue to operate as a separately managed platform.

The Parties expect to close the Proposed Transaction in the second half of 2026, after the satisfaction of customary conditions, including the receipt of required regulatory approvals. Effective immediately following the closing, the board of DigitalBridge is expected to be composed of seven (7) directors: two (2) members from the DigitalBridge executive team (Marc Ganzi, current and post-closing Chief Executive Officer, and Benjamin Jenkins, current President and Chief Investment Officer), one (1) director nominated by Messrs. Ganzi and Jenkins (and acceptable to SoftBank), and four (4) directors appointed by SoftBank.

The Proposed Transaction will not impact the ownership of WOW and the Licensees as previously noted by the Commission.

---

[3] As noted above, Duncan's interest in Merger Sub I and Merger Sub II will be held through two intermediate entities, Duncan II and Duncan III. The post-Transaction corporate ownership structure provided in **Exhibit A** illustrates the relationship between Duncan, Duncan II, and Duncan III, and the expected post-Transaction upstream ownership and control chain of DigitalBridge.

Diagrams depicting the pre- and post-Proposed Transaction corporate ownership structures are provided as **Exhibit A**.

Public Interest Considerations

The Parties respectfully submit that the Proposed Transaction is consistent with the public interest as it will provide the Licensees with continued access to DigitalBridge's financial and operational expertise, supplemented by that of SoftBank, permitting the Licensees to continue to execute on the operational plan developed by DigitalBridge and Crestview to support WOW Parent's investments in and expansion of the company's fiber network.

As a general remark, the Proposed Transaction involves the acquisition of DigitalBridge as an investment firm, which manages its portfolio companies in accordance with the financial interests of its investors via its general partner entities. The Proposed Transaction is not expected to impact the operations of the portfolio companies managed by DigitalBridge. The Proposed Transaction is therefore expected to leave the continuity and quality of services offered by DigitalBridge's portfolio companies, including WOW and the Licensees, unaffected. More specifically, SoftBank and DigitalBridge currently have no plans to change operations or implement changes to the current governance structure, management, or personnel/headcount of the Licensees. Rather, SoftBank, as a renowned and financially capable Japanese investor, will evaluate options to promote and foster the operations of DigitalBridge from an economic, financial, technical and organizational capacity perspective.

SoftBank shares DigitalBridge's commitment to long-term investment and scaling digital infrastructure. SoftBank's vision, capital strength, and global network are expected to allow DigitalBridge to accelerate its business objectives with greater flexibility, invest with a longer-term horizon on behalf of its investors, and better serve the world's leading technology companies as they scale their AI ambitions.[4] Following closing, DigitalBridge is expected to operate as a separately managed asset management platform within the wider SoftBank Group and will continue to be led by CEO Marc Ganzi. Mr. Ganzi, as CEO of DigitalBridge, will continue to determine the composition of the investment committees, only subject to SoftBank's reasonable approval.

Regarding the Licensees specifically, the Proposed Transaction is not expected to have any adverse effects on customers and will not alter the manner of service delivery or billing. Moreover, the Licensees will continue to comply with existing contracts, as applicable, subject to change in the ordinary course of business and in accordance with applicable law. The Licensees will continue to be operated by highly experienced, well-qualified personnel. The existing management, operations, and customer-facing teams of the Licensees will continue to manage their day-to-day businesses following completion of the Proposed Transaction.

[4] The Proposed Transaction supports SoftBank's overall strategy in relation to next-generation AI, which SoftBank believes rests on the development and convergence of physical AI, including compute and digital infrastructure. SoftBank believes that DigitalBridge's portfolio of companies active in digital infrastructure, including data centers, cell towers, fiber networks, and edge infrastructure, advances SoftBank's capabilities in support of its strategic vision and commitment to driving innovation, including in AI development, deployment, and AI infrastructure. DigitalBridge's deep sector expertise is expected to enhance SoftBank's ability to originate, scale, and finance the foundational infrastructure needed for next-generation AI services and applications.

Conclusion

For the foregoing reasons, the Parties submit that the Proposed Transaction described above is consistent with the public interest and respectfully request that the Commission issue a Letter of Acknowledgement to that effect.

The Parties would further appreciate acknowledgment of receipt and acceptance of this filing, which is being submitted via alternative e-filing and overnight courier. Should you have any questions concerning this submission, please do not hesitate to contact the undersigned.

Respectfully submitted,
