DOCKET NO. 16573

IN RE: GEORGIA POWER COMPANY'S GREEN ENERGY PROGRAM

ORDER APPROVING CONSENT FOR DELEGATION OF OPERATIONAL RESPONSIBILITY FOR UPSON PPA

On December 28, 2011, the Georgia Public Service Commission ("Commission") approved an executed power purchase agreement ("PPA") for the purchase of capacity, energy, and associated renewable energy credits from a renewable resource between Georgia Power Company ("Georgia Power") and Solar Design & Development, LLC ("SD&D"). The 2011 PPA between Georgia Power and SD&D was subsequently amended on June 13, 2012 to assign the PPA to SDD Solar Project 4, LLC. The Commission approved Georgia Power's request on July 6, 2012. The SDD Solar Project 4, LLC ("Project Company") PPA is for a one (1) megawatt ("MW") solar facility in Upson County, GA.

Georgia Power has agreed, subject to Commission approval, to the Project Company's delegation of operational responsibility for the facility to a qualified third-party operator. This delegation does not alter the material terms of the PPA or Georgia Power's rights thereunder, and the PPA will remain in full force and effect. Georgia Power has negotiated the appropriate document to provide for the delegation of operational responsibility ("Consent").
