MISCELLANEOUS SERVICES

A. Custom Calling Services – cont'd

1. Description – cont'd

    3. Call Waiting – cont'd

    inoperative on the first call initiated by the sub-scriber immediately following activation of the can-cel feature. The feature may also be activated after a call is established, if the customer sub-scribes to a service that allows flash-hook privileges such as Three-Way Calling. Call Waiting is restored automatically on termination of such a call. During the time the Control Call Waiting feature is activated, incoming callers receive a busy tone.

MISCELLANEOUS SERVICES

M.12 CUSTOM LOCAL AREA SIGNALING SERVICE- CLASS

M.12.1 General

Custom Calling Local Area Signaling Service (CLASS) is a group of custom calling features offered to residential and business customers subscribing to one party local exchange service and to business customers subscribing to Digital Centrex Service, in addition to basic local telephone service.

M.12.2 Definitions

1. Vacant (D)

2. Vacant (D)

3. Selective Call Acceptance (SCA) – This service provides for the acceptance of calls from specific telephone numbers. The customer creates a SCA screening list of telephone numbers through an interactive dialing sequence. Calls are accepted only if the calling number can be matched to the SCA screening list.
4. Distinctive Ringing/Call Waiting Indication – The customer may program their line to ring with a distinctive ringing pattern for a select list of six calling numbers and with a normal ringing pattern for all other calling numbers. If a customer also has Call Waiting, a distinctive call waiting tone is generated when the line is called by one of the select list of six numbers.
5. Selective Call Forwarding (SCF) – This feature provides the transfer of calls from up to six specific telephone numbers. The customer creates a SCF screening list of up to six telephone numbers through an interactive dialing sequence. Calls are forwarded to the call forwarding telephone number only if the calling number can be matched to the SCF screening list. If the customer has Selective Call Rejection (SCR) and a number shows on both SCF and SCR screening lists, SCR has priority until deactivated.
6. Selective Call Rejection (SCR) – This application rejects calls from callers who are on the user's SCR screening list. Eliminates unwanted calls.
