Re: Georgia Power Company's 2026 All-Source Capacity Request for Proposals for Need Years 2032-2033, Docket No. 56368

Dear Ms. Tanner:

On April 23, 2026, Georgia Power filed the final draft RFP Documents in support of Georgia Power's 2026 All-Source Capacity RFP for Need Years 2032-2033 ("2032-2033 All-Source RFP") for Commission approval. Since that time, the Company met with Staff and has agreed to several additional revisions to the 2032-2033 All-Source RFP and pro forma power purchase agreements ("PPA"). As such, Georgia Power is refiling the following 2032-2033 All-Source RFP Documents, as revised:

- All-Source Capacity RFP
- All-Source Pro Forma Combined Cycle PPA (New Facility)
- All-Source Pro Forma Combustion Turbine PPA (New Facility)
- All-Source Pro Forma Energy Storage System ("ESS") PPA (Paired Facility)
- All-Source Pro Forma ESS PPA (Standalone ESS + Paired Existing)
- All-Source Pro Forma Asset Purchase Agreement ("APA")

Georgia Power has included the Pro Forma APA again in this filing for completeness although no changes were made to the Pro Forma APA. Georgia Power respectfully requests Commission approval of the revised 2032-2033 All-Source Capacity RFP and each of the pro forma contracts identified above for use in the 2032-2033 All-Source Capacity RFP.

If you have any questions regarding this filing, please call me at (404) 885-3779 or send me an email at allison.pryor@troutman.com.

Best regards,

Allison W. Pryor
