BEFORE THE GEORGIA PUBLIC SERVICE COMMISSION
STATE OF GEORGIA

SCANA Energy Marketing, LLC,	
Petitioner,	
v.	**Docket No. 56177**
Atlanta Gas Light Company,	
Respondent.	

PETITIONERS' REPLY TO RESPONDENT'S OPPOSITION OF EMC NATURAL GAS, INC. AND TEXICAN NATURAL GAS COMPANY'S APPLICATION TO INTERVENE

SCANA Energy Marketing, LLC ("SCANA") supports the Application to Intervene filed by EMC Natural Gas, Inc., d/b/a True Natural Gas ("True"), and Texican Natural Gas Company ("Texican") (collectively, the "Potential Intervenors"). The following shows why Atlanta Gas Light Company's ("AGL") opposition should be denied.

This matter concerns AGL's intrastate conduct in connection with the December 2025 Operational Flow Order, which affected SCANA and other marketers. The Potential Intervenors have shown that the same events harmed True and affected customers for whom Texican served as asset manager. Their interest is concrete and directly tied to the issues before the Commission because the Applicants have their own penalty exposure and factual evidence. Therefore,

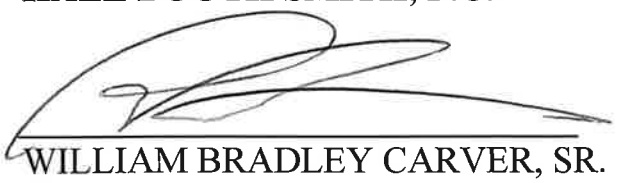

Potential Intervenors participation will supplement rather than duplicate SCANA's presentation.

Good cause also supports intervention. The Potential Intervenors moved while the proceeding remains in its earliest stage, and their stake in the same OFO-related penalty issues makes their participation appropriate at this time. Allowing intervention will not prejudice AGL or disrupt the proceeding, because no scheduling order has been issued and no hearing has been set.

For these reasons, SCANA respectfully requests that the Commission grant True and Texican's Application for Leave to Intervene, deny AGL's opposition, and grant any other relief the Commission deems proper.

Respectfully submitted this 17th day of June, 2026.
