ELIGIBLE TELECOMMUNICATIONS	)	
CARRIER-SPECIFIC COMPLIANCE	)	**Docket No. 36946**
REQUIREMENTS IN THE STATE OF	)	
GEORGIA FOR DISH WIRELESS L.L.C.	)	
	)	

AFFIDAVIT OF ROBERT YAP IN SUPPORT OF REQUEST FOR CONFIDENTIAL TREATMENT

ROBERT YAP, under penalty of perjury under the law of the State of Georgia, states as follows:

1. I am employed by EchoStar Corporation ("EchoStar"), the ultimate indirect parent company of DISH Wireless L.L.C. ("DISH Wireless" or the "Company") as a Senior Vice President.

2. The Georgia Public Service Commission (the "Commission") has designated DISH Wireless as an Eligible Telecommunications Carrier (ETC) in the State of Georgia for the limited purpose of providing Lifeline service to qualifying customers as of December 18, 2024 under Docket No. 45035, Document # 220700.

3. Pursuant to Ga. Comp. R. & Regs. R. 515-12-1-.35(6), the Company must submit the Quarterly Non-Usage Report (the "Report") with the Commission as a required compliance filing for ETCs in the State of Georgia.

4. I make this affidavit on behalf of DISH Wireless, upon my own personal knowledge and the Company's assertion that the information being provided to the Commission is proprietary information and a trade secret that should not be disclosed to the public.

5. DISH Wireless takes measures to prevent disclosure of the confidential material by marking such information confidential and/or proprietary, making such information accessible on

a need-to-know basis, sending such information through secure measures, and/or other reasonable means to maintain the confidentiality of such information.

6. The confidential information enclosed has independent economic value to DISH Wireless because information regarding DISH Wireless' subscriber count constitutes commercial, financial, and nonpublic information.

7. Public disclosure of the Company's current Lifeline subscriber count would place the Company at a significant competitive disadvantage, particularly in a marketplace where ETCs compete for customers eligible for Lifeline services. Specifically, disclosure of this information would provide competitors with direct insight into market share and may allow competitors to infer details about the Company's operations, market presence, and strategic focus. This information could be used to inform competitors' business strategies, marketing efforts, or resource allocation decisions. If disclosed, these competitors will be able to use this information to their unfair advantage and to DISH Wireless' detriment. Unlike aggregate data occasionally published by regulators, this Company-specific, real-time customer data would offer actionable competitive intelligence if disclosed publicly.

8. Furthermore, for a publicly traded company like DISH Wireless, material information seeking or related to business and financial operations of the company such as the number of DISH Wireless' subscribers is subject to SEC rules and regulations governing disclosure of material, nonpublic information. Disclosure of the confidential material would put the Company at risk in violation of federal law. However, the Company discloses it to the Commission under this Docket pursuant to the rules of the State of Georgia.

9. DISH Wireless submits this affidavit in compliance with Georgia Public Service Commission Utility Rule 515-3-1-.11, and any additional information submitted by DISH

Wireless to the Commission subsequent to this affidavit that is identified as confidential shall be subject to the same confidentiality protections as described herein.

10. I affirm that my statements above in this Affidavit are true and correct to the best of my knowledge and belief.
