RE: Georgia Public Service Commission Docket No. 36946
Point Broadband Fiber Holding, LLC
Universal Service Certification 47 USC § 254(e); 47 CFR § 54.314

Dear Mr. McAlister:

Point Broadband Fiber Holding, LLC ("Point Broadband") hereby submits its annual high-cost certification and affidavit.

Point Broadband received its Eligible Telecommunications Carrier ("ETC") designation on May 27, 2021, under Docket No. 43705. Point Broadband was a winning bidder in the Rural Digital Opportunity Fund Phase I Auction ("RDOF") and received support in Georgia – Study Area Code 229033.

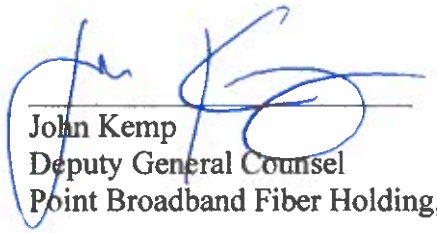

Point Broadband previously certified that all federal high-cost support provided to Point Broadband for Study Area Code 229033 was used in 2025 for the provision, maintenance, and upgrading of facilities and services for which the support was intended. That certification remains unchanged.

On June 30, 2026, Point Broadband consummated the assignment to the City of Colquitt, Georgia ("Colquitt") of Point Broadband's RDOF buildout and service obligations associated with the census blocks within Study Area Code 229033. On August 24, 2026, Colquitt filed its annual high-cost certification and affidavit requesting that the Georgia Public Service Commission ("Commission") notify the Federal Communications Commission ("FCC") and the Universal Service Administrative Company ("USAC") that Colquitt is eligible to receive federal high-cost support for calendar year 2027.

Accordingly, Point Broadband hereby updates its August 5, 2026, filing to reflect that Point Broadband will not receive the transferred RDOF support in calendar year 2027 and is no longer requesting that the Commission notify the FCC and USAC that Point Broadband is eligible to receive such support for 2027.

Please contact me if you have any questions regarding this filing.

Sincerely,

John Kemp
Deputy General Counsel
Point Broadband Fiber Holding, LLC

Attachment – Affidavit

AFFIDAVIT

BEFORE ME the undersigned authority, appeared John Kemp, who deposed and said:

I, John Kemp, attest that for Study Area Code 229033 all federal high-cost support provided to Point Broadband Fiber Holding, LLC ("Point Broadband") was used in 2025 for the provision, maintenance, and upgrading of facilities and services for which the support was intended.

On June 30, 2026, Point Broadband consummated the assignment to the City of Colquitt, Georgia ("Colquitt") of Point Broadband's Rural Digital Opportunity Fund ("RDOF") buildout and service obligations associated with the census blocks within Study Area Code 229033. As a result of the consummation of the assignment, Point Broadband will not receive the transferred RDOF support in calendar year 2027 and is not requesting that the Georgia Public Service Commission certify Point Broadband as eligible to receive such support for calendar year 2027.

I am employed by Point Broadband Fiber Holding, LLC as its Deputy General Counsel. I am an officer of the Company and am authorized to give this affidavit on behalf of the Company. This affidavit is being given to support the Georgia Public Service Commission's certification as contemplated in 47 CFR § 54.314.

John Kemp
Deputy General Counsel
Point Broadband Fiber Holding, LLC

SUBSCRIBED, SWORN TO AND ACKNOWLEDGED before me this 8 day of September 2026.
