Affidavit of Chris Atchley

in Support of Respondent VoltaGrid, LLC's Motion to Dismiss

BEFORE THE PUBLIC SERVICE COMMISSION
STATE OF GEORGIA

SUSTAINABLE NEWTON, SARA and RANDALL VINSON, And THEODOSIA and WILLIAM WADE,	:	
Petitioners,	:	DOCKET NO.: 57243
v.	:	
VOLTAGRID, LLC,	:	
Respondent.	:	

AFFIDAVIT OF CHRIS ATCHLEY IN SUPPORT OF RESPONDENT VOLTAGRID'S MOTION TO DISMISS

PERSONALLY APPEARED before me, the undersigned officer duly authorized by law to administer oaths, Chris Atchley who, after first duly sworn, deposes and states as follows:

1. My name is Chris Atchley. I am over eighteen (18) years of age, of sound mind, and competent to give this Affidavit. I give this Affidavit based on my personal knowledge and on my review of business records that VoltaGrid, LLC ("VoltaGrid") keeps in the ordinary course of business.

2. I serve as Executive Vice President of VoltaGrid, a position I have held since October 2025. In that role, I oversee VoltaGrid's operational activities and associated assets, including the Conversion Assets (as defined and described below). My duties give me knowledge of the location, design, purpose, and contractual arrangements of VoltaGrid's projects across the country including the one located in the State of Georgia.

3. I submit this Affidavit in support of VoltaGrid's Motion to Dismiss the "Petion for Expedited Declaratory Judgment and Enforcement Against VoltaGrid" that Petitioners filed.

THE CONVERSION ASSETS

4. Serverfarm owns the property at 10835 Hazelbrand Road Northeast, Covington, Georgia (the "Subject Property"). Serverfarm is building a data center that it will own and operate on the Subject Property.

5. I understand that Serverfarm has contemplated a Natural Gas Agreement ("NGA") with the City of Covington with respect to the procurement and supply of natural gas to the Subject Property.

6. Serverfarm in turn contracted with VoltaGrid pursuant to a power services contract (the "Serverfarm Agreement"), whereby VoltaGrid will provide power conversion services on the Subject Property, which conversion services will consist of using a series of natural gas-powered combustion engines ("Conversion Assets") capable of converting Serverfarm's natural gas into Serverfarm's electricity for use by Serverfarm at its data center.

7. At Serverfarm's request, VoltaGrid located the Conversion Assets on the Subject Property alongside Serverfarm's data center for Serverfarm's exclusive use.

8. As of the date of this Affidavit, the construction associated with the Conversion Assets has not been completed and cannot be fully completed, nor the Conversion Assets operated, until VoltaGrid receives an air quality permit from the Georgia Environmental Protection Division. To date, the Conversion Assets have produced no electricity at the Subject Property and will produce no electricity until after the air quality permit is issued.

VOLTAGRID SERVES ONLY SERVERFARM IN THE STATE OF GEORGIA

9. Under the Serverfarm Agreement, Serverfarm supplies natural gas to the Serverfarm gas meter, and VoltaGrid will use the Conversion Assets to convert Serverfarm's natural gas into Serverfarm's electricity to be used by Serverfarm at its data center. Serverfarm will pay VoltaGrid for this service in amounts based on the Conversion Assets' producing capacity in operation, rather than a fee per kWh of energy that the Conversion Assets actually deliver.

10. VoltaGrid does not purchase the natural gas that will be used by the Conversion Assets. VoltaGrid will not take ownership of the electricity that will be produced by the Conversion Assets, and VoltaGrid will not sell that electricity to Serverfarm or to anyone else.

11. Serverfarm's data center is the only potential retail customer that VoltaGrid can serve from the Conversion Assets on the Subject Property. No other potential retail customer is located there, and VoltaGrid has not solicited, or otherwise entered into discussions with, any other potential retail customer regarding electricity from the Conversion Assets.

12. Serverfarm is the only customer in the State of Georgia for whom VoltaGrid is providing services.

13. VoltaGrid is not engaged in negotiations with any person or entity, other than Serverfarm at the Subject Property, to provide power services in Georgia. VoltaGrid is not soliciting, marketing to, or otherwise pursuing any additional customer or business in Georgia.

FURTHER AFFIANT SAYETH NOT.

This 16th day of September 2026.

CHRIS ATCHLEY
Executive Vice President
VoltaGrid, LLC

STATE OF TEXAS

COUNTY OF HARRIS

This document was acknowledged before me on the 16th day of September 2026, by Chris Atchley, Executive Vice President of VoltaGrid, LLC.
