28. Regarding O.C.G.A. 46-4-164(b), it states the following:

> **(b)** Notwithstanding any provision of law to the contrary, including, without limitation, Article 4 of Chapter 3 of this title, an electric membership corporation may make and maintain investments in, lend funds to, and guarantee the debts and obligations of an EMC gas affiliate in total not to exceed 15 percent of such electric membership corporation's net utility plant, excluding electric generation and transmission assets as defined by the Federal Energy Regulatory Commission Uniform System of Accounts in effect at the time of such investment, loan, or guarantee, provided that any such investments or loans shall not reflect rates which are generally available through the use of any tax exempt financing and may not be tied to any loans from or guaranteed by the federal or state government; and an EMC gas affiliate of an electric membership corporation organized and operating pursuant to Article 4 of Chapter 3 of this title may apply for and be granted a certificate of authority to provide any service as authorized under this article. The creation, capitalization, or provision of management for:
>
> **(1)** An EMC gas affiliate engaged in activities subject to the provisions of this article and the rules and regulations established by the commission; or
>
> **(2)** Other persons providing customer services
>
> shall be deemed to be among the purposes of an electric membership corporation as specified in paragraphs (2) and (3) of Code Section 46-3-200. Nothing in this article shall be deemed to increase or decrease the authority and jurisdiction of the commission with respect to such electric membership corporation except as to gas activities undertaken by the electric membership corporation or its EMC gas affiliate as authorized under this chapter.

Regarding any EMC parent company support, please complete Table below that provides the calculation percentage of EMC parent company support to the EMC gas affiliate.
