BEFORE THE GEORGIA PUBLIC SERVICE COMMISSION
GEORGIA POWER COMPANY
DOCKET NO. 43083

Data Request No. STF-CCR-11-1 Supplemental 4

BASIS FOR THE ASSERTION THAT THE INFORMATION SUBMITTED IS A TRADE SECRET

In accordance with the order of the Georgia Public Service Commission, Georgia Power Company ("Georgia Power" or the "Company") submits to the Georgia Public Service Commission its response to STF-CCR-11-1 ("Response") in Docket No. 43083. In the Response, the Company has submitted details related to its environmental compliance strategies, including detailed schedule projections for CCR ARO ash pond closures and landfill projects (the "Information"). All such Information constitutes trade secret information of the Southern Company, Georgia Power, and its affiliates and is therefore protected from public disclosure under Commission Rule 515-3-1-.11. Due to the substantial volume of trade secret information contained throughout the document, TS STF-CCR-11-1 Supplemental 4 Attachment has been redacted in its entirety.

The Information derives economic value from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. Specifically, the Information contains competitively sensitive details of the Company's scheduling methods, critical path items, and project configuration for the closure of coal plant ash ponds and landfills. Public disclosure of the schedules and the anticipated timing for incurring costs would allow bidders and vendors to tailor proposals according to the Company's deadlines and critical path items and inflate prices to the detriment and harm of the Company and its customers. Furthermore, disclosure of such scheduling information would hinder the Company's ability to conduct a proper solicitation and obtain the best cost estimates for future work on the projects.

The Information is subject to extensive efforts to maintain its confidentiality. Only select Georgia Power and Southern Company personnel and their legal counsel are granted access to the Information. Those personnel receive access only on a "need to know" basis. If a party outside of Georgia Power and Southern Company and their legal counsel are granted access to the Information, the party is required to sign a confidentiality agreement with respect to the Information.
