RE: Notice to Commission of Transfer to Affiliates, Docket No. 9355

Dear Ms. Tanner:

In accordance with the Commission's Final Order in Docket No. 9355, Georgia Power Company ("Georgia Power" or the "Company") provides notice to the Georgia Public Service Commission ("Commission") of the Company's intent to purchase mobile devices and accessories from SouthernLinc ("Linc"). Because Linc is an affiliate of Georgia Power, notice to the Commission is required. *Order Adopting Modified Stipulation*, Docket No. 9355-U (Dec. 21, 1998) ("Affiliate Transaction Standards"), Attachment 2 at 6, ¶ 15(b). Georgia Power expects to close this transaction after the 60-day notice period. Approval by the Commission is not required.

During the Hurricane Helene response, Georgia Power recognized additional connectivity needs and soon after purchased Linc devices and related accessories for its Distribution teams, engineers excluded. The equipment improved statewide communications with line crews during multiple storm events and ongoing daily operations. Georgia Power now proposes to purchase the same proven devices for Distribution engineers to maintain consistency across Distribution operations. This purchase will include 600 portable devices, along with related accessories. Linc will sell the equipment to Georgia Power at cost, which is lower than Linc's list price. List price for the equipment is $5,960,000; the proposed sale price is $REDACTED.

Georgia Power intends to proceed with this transaction with the goal of receiving the devices before year end, with payment due upon receipt, which Georgia Power expects will be soon after the 60-day notice period has run. This transaction is priced as directed in the Affiliate Transaction Standards, is in the public interest, and will enable Georgia Power to better respond to the needs of its customers.

Please call me at 404-506-7106 if you have any questions regarding this filing.

Sincerely,

/s/ Jeremiah Haswell

BEFORE THE GEORGIA PUBLIC SERVICE COMMISSION

GEORGIA POWER COMPANY
DOCKET NO. 9355
NOTICE TO COMMISSION OF AFFILIATE TRANSACTION

BASIS FOR THE ASSERTION THAT THE INFORMATION SUBMITTED IS A TRADE SECRET

In accordance with the Georgia Public Service Commission's ("Commission") Final Order in Docket No. 9355, Georgia Power Company ("Georgia Power" or the "Company") provides notice to the Commission of its intent to purchase mobile devices and accessories from Southern Linc ("Linc"). In the notice, the Company has provided sensitive pricing information (the "Information"). All such Information constitutes trade secret information of Southern Company, Georgia Power, and its affiliates and is therefore protected from public disclosure under Commission Rule 515-3-1-.11.

The Information derives economic value from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use. Specifically, the Information contains confidential and competitive pricing information related to the Company's intention to purchase new mobile devices from Linc at cost. If obtained by competitors, the Information could be used to gain a competitive advantage in the marketplace by revealing confidential details regarding the Linc's pricing methodologies, assumptions, and cost of operations. Competitors could also use the Information to harm the Company and its affiliates by manipulating the market and artificially setting prices based on such Information. Competitors of the Company and Linc are not required to disclose similar information and to require Georgia Power and its affiliates to do so would put them at an economic disadvantage.

The Information is subject to substantial procedures to maintain its secrecy. Only select Georgia Power, Linc, and Southern Company Services personnel are granted access to the Information. Those personnel receive access only on a "need to know" basis. Parties outside the Company who have been granted access to the Information, if any, have been required to sign confidentiality agreements with respect to the Information.
