Re: Application of Quanta Telecommunication Solutions, LLC for a Certificate of Authority to Construct or Operate Telephone Line, Plant, or System

Dear Ms. Tanner:

On behalf of Quanta Telecommunication Solutions, LLC ("Applicant"), enclosed for filing please find a public disclosure version of an Application for a Certificate of Authority to Construct or Operate Telephone Line, Plant, or System, together with all exhibits thereto. An electronic, text-searchable copy also is being submitted through the Commission's electronic filing system.

Applicant is an indirect wholly owned subsidiary of Quanta Services, Inc. (NYSE: PWR), a Fortune 500 specialty infrastructure solutions company. Applicant designs, engineers, owns, and operates fiber optic facilities and networks, and seeks authority to provide facilities-based telecommunications services to wholesale carriers, internet service providers, utilities, and enterprise customers in Georgia.

Pursuant to GA. Comp. R. & Regs. r. 515-3-1.11, Applicant respectfully requests trade secret protection of TRADE SECRET Exhibit E (Facilities Cost Information) and TRADE SECRET EXHIBIT H (Financial Information) (collectively, the "Trade Secret Exhibits") to the Application, submitted as Trade Secrets attachments in the Alternative e-File system. The Trade Secret Exhibits contain business and financial information that is trade secret confidential, sensitive, and proprietary. Therefore, Applicant respectfully requests that the Commission protect the Trade Secret Exhibits as trade secret and not release them to the public without Applicant's express consent (except as provided for under GA. Comp. R. & Regs. r. 515-3-1.11). In support, Applicant encloses a copy of the Request for Trade Secret Treatment.

Please acknowledge receipt of this filing by returning a file-stamped copy of this transmittal letter. Please direct any questions regarding this filing to the undersigned.

Respectfully submitted,

/s/ Clete D. Johnson

Counsel for Applicant

BEFORE THE
GEORGIA PUBLIC SERVICE COMMISSION

In re:	)	
	)	Docket No.
QUANTA TELECOMMUNICATION SOLUTIONS, LLC	)	_____
	)	
For a Certificate of Authority to Construct or Operate Telephone Line, Plant, or System	)	
	)	

REQUEST FOR TRADE SECRET TREATMENT

COMES NOW Quanta Telecommunication Solutions, LLC ("Applicant") and moves the Georgia Public Service Commission ("Commission") for an order affording confidential trade secret treatment to designated portions of its contemporaneously filed Application for Certificate of Authority to Construct or Operate Telephone Line, Plant, or System, pursuant to Rule 515-3-1-.11 of the Rules of the Commission. In support of this Motion, Applicant states as follows:

I. Information for Which Protection is Sought

1. Applicant seeks protective treatment for the following materials, each of which is submitted under separate cover, separately bound, and conspicuously marked "TRADE SECRET — Quanta Telecommunication Solutions, LLC Application for Certificate of Authority to Construct or Operate Telephone Line, Plant, or System":

   a) TRADE SECRET EXHIBIT E (FACILITIES COST INFORMATION). Applicant's method of financing its proposed Georgia facilities, its itemized estimated cost of proposed facilities, and its itemized estimated operating expenses, submitted in response to Section VI of the Commission's application form.

   b) TRADE SECRET EXHIBIT H (FINANCIAL INFORMATION). Applicant's financial statements for the fiscal year ended December 31, 2025, comprising a balance sheet, statement of operations, statement of cash flows, and statement of member's equity, submitted in response to Section VIII of the Commission's application form; and

2. Applicant has also provided the Commission with a version of the Application designated "Public Disclosure Document" that does not include the confidential information.

II. Grounds for Protective Treatment

1. The materials described above constitute trade secrets within the meaning of O.C.G.A. § 10-1-761(4). Each is a compilation of financial data, financial plans, and product plans used in Applicant's business; each derives independent economic value, actual and potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and each is the subject of efforts by Applicant that are reasonable under the circumstances to maintain its secrecy.

2. Applicant is a privately held limited liability company and does not publish separate entity-level financial statements. Applicant maintains these materials on a need-to-know basis internally and discloses them to third parties only under obligations of confidentiality.

3. Disclosure would cause Applicant competitive injury. Applicant's route-level construction cost estimates, cost per mile, projected operating expenses, capital position, and margins are precisely the information a competitor would use to underbid Applicant on individually negotiated contracts, to anticipate Applicant's buildout plans and pre-empt its route selection, and to gain leverage in commercial negotiations with Applicant. Applicant's counterparties are a small number of sophisticated wholesale and enterprise buyers. In that market, disclosure of Applicant's cost structure would materially impair Applicant's ability to negotiate on equal terms.

4. The resulting harm is not confined to Applicant. Impairing the ability of a new entrant to compete for wholesale fiber business in Georgia would be detrimental to the public interest in the development of competitive fiber infrastructure in the State.

5. Protective treatment imposes no burden on the public interest in an informed proceeding. The Commission and its Staff will have full access to the materials under seal for purposes of evaluating Applicant's financial capability under O.C.G.A. § 46-5-163(b). Applicant's parent, Quanta Services, Inc. (NYSE: PWR), files audited consolidated financial statements with the U.S. Securities and Exchange Commission, and those statements provide the public with substantial insight into the financial resources supporting Applicant's Georgia operations.

III. Relief Requested

WHEREFORE, Applicant respectfully requests that the Commission: (a) accept TRADE SECRET EXHIBITS E AND H under seal and treat them, and any testimony or argument disclosing their contents, as confidential trade secret information exempt from public disclosure; (b) direct that any party seeking access to the confidential materials do so by written motion, with notice to Applicant and an opportunity to be heard; and (c) grant such other and further relief as may be just and proper.

Respectfully submitted this 19th day of October, 2026.

IF APPLICANT IS A SUBSIDIARY, PARENT, OR AFFILIATE OF ANY OTHER COMPANY, REGARDLESS OF TYPE OR INDUSTRY, ATTACH A CHART SHOWING THE RELATIONSHIP OF THE APPLICANT TO ALL AFFILIATED COMPANIES. PLACE EXHIBIT NAME IN BOX TO RIGHT.	EXHIBIT B

IV. EXISTING AUTHORITY

DOES THE APPLICANT OR ANY AFFILIATED COMPANY HAVE EXISTING CERTIFICATES OF AUTHORITY ISSUED BY THE GPSC? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES		NO	X

IF YES, PLEASE LIST THE NAME OF EACH COMPANY AND THE CERTIFICATE NUMBER(S):
N/A

DOES THE APPLICANT OR ANY AFFILIATED COMPANY HAVE EXISTING AUTHORITY GRANTED BY ANY STATE OR FEDERAL ENTITY? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES	X	NO	

IF YES, PLEASE LIST THE NAME OF EACH COMPANY AND THE STATE OR FEDERAL ENTITY THAT GRANTED SUCH AUTHORITY:

Applicant holds the following state telecommunications authorizations issued by the following state public utility commissions:

- Authority to Operate as a Competitive Access Provider issued by the Louisiana Public Service Commission, Docket No. S-37840, Certificate No. TSP00834 (Feb. 18, 2026);
- Service Provider Certificate of Operating Authority issued by the Public Utility Commission of Texas, Docket No. 59067, SCPOA No. 61094 (May 5, 2026); and
- Certification as a Competitive Local Exchange Carrier and Alternative Telecommunications Utility issued by the Public Service Commission of Wisconsin, Docket No. 11378-NC-100 (March 11, 2026);

In addition, Applicant has submitted the following applications for state telecommunications authorizations before the following state public utility commissions, which remain pending:

- Application for a Certificate of Public Convenience and Necessity pending before the Mississippi Public Service Commission, Docket No. 26-UA-72 (filed Aug. 28, 2026); and
- Application for a Certificate to Provide Competing Local Telecommunications Services pending before the Tennessee Public Utility Commission, Docket No. 26-00086 (filed Sept. 1, 2026).

No affiliate of Applicant holds any other federal or state telecommunications authorization.

HAS THE APPLICANT OR ANY AFFILIATED COMPANY HAD ANY PREVIOUS AUTHORITY REVOKED BY ANY STATE OR FEDERAL ENTITY? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES		NO	X

IF YES, PLEASE LIST THE NAME OF EACH COMPANY AND THE STATE OR FEDERAL THAT REVOKED SUCH AUTHORITY:
N/A

ATTACH A COPY OF ALL ORDERS REVOKING AUTHORITY. PLACE EXHIBIT NAME IN BOX TO RIGHT	N/A

V. COMPLIANCE WITH COMMISSION RULES AND ORDERS

COMMISSION RULE 515-12-1-.37 FAMILY VIOLENCE SHELTER CONFIDENTIALITY REQUIRES CLECS TO SUBMIT AN AFFIDAVIT UPON CERTIFICATION AND ON JANUARY 31 OF EACH ODD-NUMBERED YEAR THEREAFTER AN AFFIDAVIT ATTESTING THAT THE CARRIER WILL COMPLY WITH THE REQUIREMENTS OF THE RULE.				
DOES THE APPLICANT AGREE TO COMPLY WITH COMMISSION RULE 515.12-1.37? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES	X	NO	
DOWNLOAD CURRENT FAMILY VIOLENCE SHELTER CONFIDENTIALITY PROTECTION AFFIDAVIT FROM THE GPSC WEBSITE. ATTACH EXECUTED AND NOTARIZED AFFIDAVIT TO THE APPLICATION. PLACE EXHIBIT NAME IN BOX TO RIGHT.	EXHIBIT C			

COMMISSION RULE 515-12-1-.39 UNIVERSAL ACCESS FUND REQUIRES CLECS TO REMIT CONTRIBUTIONS ON A QUARTERLY BASIS TO THE UNIVERSAL ACCESS FUND.				
DOES THE APPLICANT AGREE TO COMPLY WITH COMMISSION RULE 515.12-1.39? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES	X	NO	

DOES THE APPLICANT AGREE TO COMPLY WITH ALL OTHER APPLICABLE COMMISSION RULES AND ORDERS? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES	X	NO	

VI. INTEREXCHANGE SERVICE

WHAT CUSTOMER CLASS(ES) DOES THE APPLICANT PROPOSE TO SERVE? (PLACE AN "X" IN THE APPROPRIATE BOXES.)	BUSINESS	X
	RESIDENTIAL	
	OTHER (LIST BELOW)	X
	Applicant requests authority to provide facilities-based competitive telecommunications services to wholesale carriers, ISPs, utilities, and enterprise customers at competitive rates primarily via individual case basis contracts. These services will include point-to-point high-capacity services (i.e., private line, Ethernet, and Wavelength), as well as dark fiber indefeasible rights of use, long-haul fiber transport, lit and managed fiber-based telecommunications services, fiber lease agreements, operations and maintenance services, and colocation services. Applicant does not intend to provide switched voice grade service to retail consumers.	

SELECT THE METHOD(S) BY WHICH SERVICE WILL BE PROVIDED. (PLACE AN "X" IN THE APPROPRIATE BOXES.)	RESALE	
	FACILITIES-BASED	X

IF FACILITIES-BASED, PLEASE ANSWER THE FOLLOWING QUESTIONS.		
WILL THE FACILITIES BE NEWLY CONSTRUCTED OR ACQUIRED THROUGH LEASE OR PURCHASE? (PLACE AN "X" IN THE APPROPRIATE BOXES.)	NEW CONSTRUCTION	X
	ACQUISITION	X
IF NEW CONSTRUCTION, PLEASE DESCRIBE THE LOCATION AND TYPE OF FACILITIES THAT WILL BE CONSTRUCTED.		
TRADE SECRET EXHIBIT D		
IF ACQUISITION, PLEASE DESCRIBE THE LOCATION AND TYPE OF FACILITIES THAT WILL BE ACQUIRED.		
Applicant may acquire capacity, dark fiber, conduit, structure, and right of way access from third parties through indefeasible rights of use, leases, and purchases in order to complete and diversify its Georgia routes.		
PROVIDE A BREAKDOWN OF ANTICIPATED COSTS OF FACILITIES.		
Applicant's network will be constructed, in part, on a customer-demand basis, and Applicant therefore cannot fully itemize in advance the cost of facilities for individual customers until a build-out plan has been identified for each prospective customer. Applicant's high-level cost estimate for its Georgia fiber route, including labor, equipment, and materials, is set forth in TRADE SECRET EXHIBIT E.		

LIST AND DESCRIBE ALL INTEREXCHANGE SERVICES APPLICANT PLANS TO PROVIDE IN GEORGIA.
Applicant will provide facilities-based competitive interexchange telecommunications services to wholesale carriers, ISPs, utilities, and enterprise customers at competitive rates primarily via individual case basis contracts. These services will include point-to-point high-capacity services (i.e., private line, Ethernet, and Wavelength), as well as dark fiber indefeasible rights of use, long-haul fiber transport, lit and managed fiber-based telecommunications services, fiber lease agreements, operations and maintenance services, and colocation services. Applicant does not intend to provide switched voice grade service to retail consumers.

TARIFFS FOR INTEREXCHANGE SERVICES ARE NO LONGER REQUIRED TO BE FILED WITH THE COMMISSION. DOES THE COMPANY WISH TO MAINTAIN AN INTEREXCHANGE SERVICES TARIFF WITH THE COMMISSION? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES		NO	X
IF YES, PLEASE ATTACH AN INTEREXCHANGE SERVICES TARIFF. PLACE EXHIBIT NAME IN BOX TO RIGHT.		N/A		
IF NO, PLEASE PROVIDE THE WEB ADDRESS WHERE THE APPLICANT'S GEORGIA TARIFFS OR PRICE GUIDES MAY BE FOUND.	www.quantatelcom.com/ (to be added to the website once Applicant has constructed its fiber network and commences offering service)			
PURSUANT TO O.C.GA. § 46-5-166(E), PROVIDERS OF ACCESS SERVICES MUST FILE ACCESS SERVICES TARIFFS WITH THE COMMISSION. DOES THE APPLICANT INTEND TO PROVIDE ACCESS SERVICES? (PLACE AN "X" IN THE APPROPRIATE BOX.)	YES	X	NO	
IF YES, PLEASE ATTACH AN ACCESS SERVICES TARIFF. PLACE EXHIBIT NAME IN BOX TO RIGHT.	EXHIBIT F

Applicant's proposed fiber network in Georgia is part of a long-haul fiber network that Applicant intends to deploy from Georgia through Tennessee to Kentucky as set forth below.

ROUTE FILE	ENDPOINTS	TOTAL LENGTH	GEORGIA MILEAGE
Nashville to Atlanta 081026.kmz	Atlanta, Georgia (33.7756, −84.4209) to Nashville, Tennessee (36.1622, −86.7784), via Chattanooga	≈ 288.3 miles	≈ 123.3 miles

Applicant's proposed optical transport facilities will be capable of delivering dedicated point-to-point and point-to-multipoint transmission at capacities ranging from DS-1 (1.544 Mbps) and DS-3 (44.736 Mbps) through SONET OC-3, OC-12, OC-48, and OC-192, and Ethernet and wavelength services at 1 Gbps, 10 Gbps, 40 Gbps, 100 Gbps, and 400 Gbps, with aggregate per-fiber-pair capacity scaling into the multiple-terabit range through DWDM channel loading.

The Georgia segment of Applicant's proposed fiber network is shown in light blue in the map on the next page.

Georgia Segment of Applicant's Proposed Fiber Network

TRADE SECRET EXHIBIT E

FACILITIES COST INFORMATION

Pursuant to GA. Comp. R. & Regs. r. 515-3-1.11, Applicant respectfully requests trade secret protection of the remainder of TRADE SECRET EXHIBIT E, (the "Trade Secret Exhibit") to the Application, submitted as a Trade Secret attachment in the Alternative e-File system. The Trade Secret Exhibit contains business and financial information that is trade secret confidential, sensitive, and proprietary. Therefore, Applicant respectfully requests that the Commission protect this Trade Secret Exhibit as trade secret and not release it to the public without Applicant's express consent (except as provided for under GA. Comp. R. & Regs. r. 515-3-1.11). In support, Applicant encloses a copy of the Request for Trade Secret Treatment.

EXHIBIT F

GEORGIA ACCESS SERVICES TARIFF

Tariffs for interexchange services are no longer required in Georgia, and Applicant does not wish to maintain an interexchange services tariff with the Commission. All of Applicant's Georgia intrastate services will be furnished pursuant to individually negotiated contracts with sophisticated wholesale carriers, internet service providers, utilities, and enterprise customers. Applicant will not offer tariffed retail services and will not serve retail residential end users.

Pursuant to O.C.G.A. § 46-5-166(e), providers of access services must file access services tariffs with the Commission. To the extent Applicant provides access services within the meaning of that section, the proposed individual case basis tariff set forth below is submitted for the Commission's approval.

Applicant acknowledges and agrees that its contracts for Georgia intrastate services will be subject to review by the Commission upon request, and that Applicant will make any such contract available to the Commission or its Staff on request, subject to appropriate protection of confidential and competitively sensitive terms. Applicant does not employ a standard form of subscriber contract; its agreements are individually negotiated. Applicant will make a representative form of its master service agreement and service order, or any executed Georgia intrastate contract, available to the Commission or its Staff upon request.

QUANTA TELECOMMUNICATION SOLUTIONS, LLC
GEORGIA ACCESS SERVICES TARIFF NO. 1

TITLE SHEET

This tariff ("Tariff") contains the descriptions, regulations, and rates applicable to the furnishing of facilities and access services within the State of Georgia provided by Quanta Telecommunication Solutions, LLC ("Company"), with a principal office at 10000 Energy Drive, South Tower, Suite 400, Spring, Texas 77389, and shall be governed by and interpreted in accordance with the laws of the State of Georgia.

This Tariff is on file with the Georgia Public Service Commission, and copies may be inspected during normal business hours at the Company's principal place of business. The Company's main telephone number is (832) 634-0010.

EXPLANATION OF SYMBOLS

SYMBOL	MEANING
(C)	To signify changed regulation
(D)	To signify a deletion or discontinuance
(I)	To signify a change resulting in a rate increase
(M)	To signify text moved from another tariff location
(N)	To signify a new rate or regulation
(R)	To signify a change resulting in a rate reduction
(S)	To signify a matter appearing elsewhere or repeated for clarification
(T)	To signify a change in text but no change to rate or charge
(Z)	To signify a correction

TARIFF FORMAT

A. Sheet Numbering. Sheet numbers appear in the upper-right corner of each sheet and are numbered sequentially. When a new sheet is added between sheets already in effect, a decimal is added; a new sheet added between Sheets 10 and 11 would be Sheet 10.1.

B. Sheet Revision Numbers. Revision numbers appear in the upper-right corner of each sheet and determine the most current sheet version on file with the Commission. The 4th Revised Sheet 10 cancels the 3rd Revised Sheet 10. Consult the Check Sheet for the sheet currently in effect.

C. Paragraph Numbering Sequence. There are nine levels of paragraph coding, each subservient to the next higher level: 2. / 2.1. / 2.1.1. / 2.1.1.A. / 2.1.1.A.1. / 2.1.1.A.1.(a) / 2.1.1.A.1.(a).I. / 2.1.1.A.1.(a).I.(i) / 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets. When this Tariff is revised, an updated Check Sheet accompanies the filing, listing the sheets contained in the Tariff cross-referenced to the current revision number.

SECTION 1 — DEFINITIONS AND ABBREVIATIONS

Commission: The Georgia Public Service Commission.

Company: Quanta Telecommunication Solutions, LLC.

Customer: The person, firm, corporation, or other entity that negotiates for or uses the Company's services and is responsible for payment for such services.

Customer Provided Equipment: Equipment provided by a Customer.

Dark Fiber: Optical fiber strands provided without associated optronics or electronics, over which the Customer provides its own transmission equipment.

Delinquent Date: The last day for payment without unpaid amounts becoming subject to a late payment charge.

DWDM: Dense wavelength division multiplexing.

Holiday: The Company's recognized holidays are New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

ICB: Individual case basis.

IRU: An indefeasible right of use in fiber optic strands, conduit, or capacity.

Normal Business Hours: 8:00 a.m. to 5:00 p.m. Eastern Time, Monday through Friday, excluding Holidays.

PoP: A point of presence at which the Company's network equipment is located.

Premises: The space occupied by an individual Customer in a building, in adjoining buildings occupied entirely by that Customer, or on contiguous property occupied by the Customer separated only by a public thoroughfare, a railroad right of way, or a natural barrier.

SECTION 2 — RULES AND REGULATIONS

2.1 Company Undertaking

2.1.1 The Company provides services to other carriers and private entities on an as-negotiated, individual case basis and subject to the availability of facilities. Each Customer interested in the Company's services may request the Company's proposals or competitive bids. After receipt of a Company proposal or bid, which may include non-recurring charges for construction and other charges where the Company determines that new or additional facilities are needed, the Customer and the Company will negotiate the terms and conditions, including pricing, applicable to the services the Customer desires to procure. All negotiated terms and conditions shall be consistent with this Tariff and shall be governed by and interpreted in accordance with the laws of the State of Georgia. The Company and a Customer may not negotiate any term, or add any provision, that prevents, impedes, hinders, or is otherwise in contravention of the requirement that this Tariff be governed by and interpreted in accordance with the laws of the State of Georgia.

2.1.2 The Company does not provide retail telecommunications services directly to end users. The Company is not responsible for, and this Tariff does not relate to, the establishment of rates or regulations pertaining to retail telecommunications services provided directly to end users by other carriers or private entities that use the Company's services.

2.2 Limitations on Service

2.2.1 The Company's services are available twenty-four (24) hours per day, seven (7) days per week, subject to individually negotiated terms and conditions.

2.2.2 The Company's services are provided within the territory in which the Company is certificated and are not intended to be limited geographically within that territory.

2.2.3 The Company may rely on third parties to provide all or a portion of the Company's services. The selection of such vendors is made by the Company, which reserves the right to change vendors at any time.

2.2.4 The Company's services are offered subject to the availability of the necessary facilities and equipment and subject to the provisions of this Tariff.

2.2.5 Subject to individually negotiated terms and conditions, the Company reserves the right to discontinue furnishing service upon written notice when necessitated by conditions beyond its control, including loss of or significant cost increases associated with services, facilities, rights of way, or other inputs provided by third parties, or when the Customer is using the service in violation of this Tariff or of law.

2.2.6 Title to any equipment provided by the Company remains with the Company. Prior written permission from the Company is required before any assignment or transfer, and all regulations and conditions in this Tariff apply to any assignee or transferee.

2.2.7 The Company does not transmit messages, but its services may be used for that purpose.

2.3 Use of Service

2.3.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching capabilities of the facilities used in the provision of the services.

2.3.2 The Company's services may not be resold by a Customer, but may be arranged for joint use or authorized use subject to individually negotiated terms and conditions.

2.4 Limitation of Liability

2.4.1 The Company shall not be liable to any person, firm, or entity for damages, whether direct, indirect, consequential, special, incidental, actual, or punitive, or for lost profits, arising out of mistakes, accidents, errors, omissions, interruptions, delays, or defects in transmission not caused by the negligence of the Company, commencing upon activation of service, and in no event exceeding an amount equivalent to the proportionate charge to the Customer for the period of service during which the mistake, accident, error, omission, interruption, delay, or defect occurred.

2.4.2 The Company makes no warranty, whether express, implied, or statutory, as to the description, quality, merchantability, completeness, or fitness for any purpose of the service or local access, or as to any other matter, all of which warranties are excluded and disclaimed.

2.4.3 Subject to individually negotiated terms and conditions, the Company may indemnify and hold the Customer harmless with respect to loss, damage, liability, or expense asserted against the Customer by a third party on account of property damage or personal injury caused by the negligence or willful misconduct of the Company or its agents arising out of the Company's performance of testing or other activities on the Customer's premises pursuant to this Tariff, subject to the Customer's full performance of this Tariff and its duty to take reasonable precautions in the location, construction, maintenance, and operation of all activities, facilities, and equipment.

2.4.4 Subject to individually negotiated terms and conditions, the Company shall be indemnified and held harmless by the Customer against: (A) claims for libel, slander, infringement of copyright or patent, or unauthorized use of any trademark, trade name, or service mark arising out of the material, data, information, or other content transmitted over the Company's facilities; and (B) all other claims arising out of any act or omission by the Customer in connection with any service provided by the Company.

2.4.5 All language in this Section may be subject to individual negotiation. The language in this Section does not constitute a determination by the Commission that a limitation of liability imposed by the Company should be upheld in a court of law. Acceptance for filing by the Commission recognizes that it is a court's responsibility to adjudicate negligence and consequential damage claims and to determine the validity of any exculpatory clause.

2.5 Interruption and Restoration of Service

A credit allowance for interruptions of service not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment, or communications systems provided by the Customer is subject to the general liability provisions of this Tariff, which are subject to individually negotiated terms and conditions. It is the obligation of the Customer to notify the Company of any interruption; before giving such notice, the Customer shall ascertain that the trouble is not within the Customer's control. The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations.

2.6 Customer Responsibility

2.6.1 General. In addition to any individually negotiated responsibilities, all Customers are responsible for: (A) requesting service, paying all charges for service rendered, and complying with the Company's regulations governing the services, and assuring that their users comply; (B) providing the name and telephone number of an authorized contract representative; and (C) paying the Company for the replacement or repair of the Company's equipment where damage results from the negligence or willful act of the Customer or user, improper use of service, or use of equipment or service provided by others.

2.6.2 Maintenance, Testing, and Adjustment. Upon reasonable notice, and in accordance with any applicable negotiated terms, equipment provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary to maintain it in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.6.3 Deposits. The Company does not collect customer deposits and does not currently plan to do so. In the event the Company elects to require a deposit or guarantee of payment from a Customer that has not established good credit, deposits shall be handled in accordance with Georgia law and the applicable rules of the Commission, and upon termination of service any deposit with accrued interest shall be credited to the final bill and the balance returned to the Customer.

2.6.4 Cancellation by Customer. If a Customer negotiates for services requiring special equipment or facilities dedicated to the Customer's use and then cancels before service begins, a charge will be made for the non-recoverable portion of expenditures or liabilities incurred expressly on behalf of the Customer, subject to any other remedies available under the individually negotiated terms.

2.6.5 Payment and Charges. Services are provided and billed in accordance with individually negotiated terms. Invoices are rendered directly to each Customer, generally monthly in arrears for recurring charges and upon completion for non-recurring charges. The Customer is responsible for payment of all charges for service furnished to the Customer and, as provided in the applicable contract, for state and local taxes and fees. Payments shall not be considered past due until twenty (20) days after the date of invoice. A late payment charge of 12.9% will be assessed on past due amounts; unpaid late fees shall not be subject to additional fees. Customers will be charged for checks returned by the issuing entity, in an amount not to exceed that permitted by O.C.G.A. § 13-6-15.

2.6.6 Customer Complaint Procedure. The Company will resolve any dispute brought to its attention as promptly and effectively as possible. Customer service representatives can be reached at (800) 979-0549. Any unresolved dispute may be directed to the Georgia Public Service Commission, 244 Washington Street, S.W., Atlanta, Georgia 30334-5701; telephone (404) 656-4501 or (800) 282-5813.

2.7 Company Responsibility

2.7.1 The responsibilities of the Company set forth in this Tariff are in addition to any individually negotiated responsibilities and obligations of the Company.

2.7.2 Discontinuance of Service by Company. The Company may discontinue service in accordance with any applicable negotiated terms, provided that the Company shall not discontinue service for non-payment until the payment becomes past due and the Company has given the Customer at least five (5) days' written notice.

SECTION 3 — SPECIAL ARRANGEMENTS

3.1 Special Construction

Where the Company determines that new or additional facilities, or facilities of a type or in a location not ordinarily provided, are required to meet a Customer's request, the Company may furnish those facilities as special construction. Charges for special construction are determined on an individual case basis and are set out in the applicable contract, and may include non-recurring construction charges, minimum service periods, and termination liability.

3.2 Individual Case Basis Arrangements

Customized service packages and competitive pricing arrangements at negotiated rates will be furnished on an individual case basis in response to Customer requests for proposals or competitive bids, subject to the availability of facilities. Individual case basis pricing is a service arrangement in which the regulations, rates, and charges are developed based on the specific circumstances of the Customer, and are established by contract between the Company and the Customer.

SECTION 4 — SERVICE OFFERINGS

4.1 Facilities-Based Services

The Company provides facilities-based services to other carriers and private entities that, in turn, provide telecommunications services to residential and business end users. Such services include constructing, operating, and maintaining fiber optic telecommunications infrastructure and providing dark fiber, lit transport, and managed fiber-based telecommunications services.

4.2 Access Services

To the extent the Company provides access services within the meaning of O.C.G.A. § 46-5-166(e), such services are provided pursuant to this Tariff on the terms set forth herein and at the rates set forth in Section 5.

4.3 Key Route Maintenance Services

The Company provides key route maintenance on all components of the fiber optic systems it constructs.

4.4 Customer-Specific Contracts

Customer-specific contracts may include indefeasible rights of use (IRUs), fiber leases, operations and maintenance agreements, and colocation services agreements.

SECTION 5 — RATES AND CHARGES

Rates, terms, and conditions of service are determined on an individual case basis and established by contract between the Company and the Customer.

SERVICE / CAPACITY	TERM	NON-RECURRING CHARGE	MONTHLY RECURRING CHARGE

EXHIBIT G

MANAGEMENT BIOGRAPHIES

Robert F. McGee — President, Quanta Telecommunication Solutions, LLC; Senior Vice President, Quanta Services, Inc.

Robert (Rob) McGee has been in the telecommunications industry for nearly 25 years. He began with GTE as an IBEW technician in Bloomington, Illinois in 1997 and held a variety of technician positions before moving into management in 2001. Throughout his career he has held positions in network maintenance, operations, engineering, and construction, including Director for FTTP (Dallas) with Verizon, Director of Global Transport Engineering and Implementation, and Executive Director, 1 Fiber, before transitioning to Quanta in January 2021. Mr. McGee served in the United States Army and was part of the Enduring Freedom post-9/11 campaign. He attended Illinois State University in Normal, Illinois.

Carissa S. Duggan — Senior Vice President, Quanta Telecommunication Solutions, LLC

Carissa S. Duggan is a business operations executive with more than a decade of experience transforming organizations, driving revenue growth, and building high-performing teams in competitive and regulated industries. As Senior Vice President of Applicant, with responsibility for operations, she oversees integrated operations including strategic planning, talent management, customer engagement, compliance, marketing, and national project execution. Prior to Quanta, she held leadership roles with Noble Energy and Rosetta Resources, where she specialized in IT service delivery, compliance, and change management, including implementing enterprise-wide IT service management solutions and leading SOX compliance audits. Ms. Duggan is Applicant's designated point of contact for the Commission on regulatory and customer service matters.

Jerrod Thede Henschel — Regional President, East Region, Quanta Telecommunication Solutions, LLC

Jerrod Henschel is a senior executive with more than 30 years of experience leading large-scale projects in telecommunications, underground utilities, renewable energy, and heavy civil construction. He oversees operations and strategic growth across the East Region — which includes Georgia — directing large-scale construction initiatives delivering fiber-to-the-home, middle-mile, and long-haul networks for major carriers and utility partners. Prior to Quanta, Mr. Henschel served as President of Mears Broadband, LLC and as President and Chief Executive Officer of Equix Inc., where he oversaw more than $1 billion annually in telecommunications, water and wastewater, gas distribution, pipeline, railroad, and renewable projects. He also spent more than two decades at Michels Corporation, advancing to Senior Group Vice President. He served as Chair of the Power & Communication Contractors Association (PCCA), receiving the 2023 PCCA Distinguished Service Award, and is an active member of the Common Ground Alliance.

Todd Franklin Fisher — Regional President, West Region, Quanta Telecommunication Solutions, LLC

Todd Fisher is a seasoned telecommunications executive with more than 25 years of experience leading engineering, construction, and operational teams. He began his career as Founder and Chief Executive Officer of FiberTel Inc., a telecommunications construction firm he grew for more than two decades, alongside DrillRite Directional Boring, a specialized underground telecommunications infrastructure company. He has served as a Board Director and Shareholder of [[Simplicity — confirm full legal entity name]] since 2009.

Allen Hemrich — Senior Vice President, Operations, Quanta Telecommunication Solutions, LLC

Allen Hemrich has more than 30 years of leadership experience in broadband infrastructure and utility construction. He directs multi-state operations and large-scale broadband deployment programs including fiber-to-the-home, middle-mile, and long-haul projects. He has held senior roles at Equix and Ledcor and holds an M.B.A. from Tulane University's A.B. Freeman School of Business. Mr. Hemrich serves as a Responsible Managing Employee (RME) and is licensed in Alabama, Arkansas, Louisiana, Mississippi, and Tennessee.

Mike Rakoz — Telecom Executive, West Region, Quanta Telecommunication Solutions, LLC

Mike Rakoz has more than 30 years of experience in telecommunications and construction. His career began in the early 1990s with Underground Specialties, Inc., advancing to Vice President and playing a key role in the first wave of nationwide internet deployment. After Dycom Industries acquired those businesses, he served as President of U.S. Communications and of Underground Specialties. He subsequently led the acquisition of Robinson Brothers Construction and served as its President, directing extensive telecommunications, data center, and fiber-to-the-home projects. Quanta Services later acquired Robinson Brothers Construction, and Mr. Rakoz remained as President before transitioning to his current Western Region role. He studied at Clark College and Pacific University and served in the Army National Guard from 1986 to 1992.

Leslie D. Sackett — Chief Financial Officer and Vice President, Quanta Telecommunication Solutions, LLC

Ms. Sackett is responsible for Applicant's financial management and reporting and is Applicant's designated contact for financial and annual reports.

Matthew Vaughan — Senior Vice President, Quanta Telecommunication Solutions, LLC

Mr. Vaughan is a senior executive with a robust skill set in utility infrastructure development and operations, particularly within the telecommunications sector. As Senior Vice President of Operations at Quanta Telecom Solutions, LLC, he oversees nationwide programs spanning long-haul

fiber, data center interconnections, fiber-to-the-home, and multi-dwelling unit (MDU) construction. M. Vaughan's expertise encompasses network design and implementation, front-end project development, contract structuring and negotiations, proposal management, and comprehensive program oversight. He has demonstrated a strong ability to reduce construction costs and increase deployment efficiency, leveraging innovative construction methods and scalable delivery models. Mr. Vauhghan is recognized for his talent in building strong customer relationships and aligning engineering, construction, and commercial teams to deliver complex fiber and network infrastructure projects safely, on schedule, and within budget. His career began in the energy sector as a Production Engineer at Laredo Energy, managing natural gas well operations and production enhancement projects—an experience that underpins his data-driven, problem-solving approach to advancing digital infrastructure and meeting the growing demand for high-capacity connectivity.

TRADE SECRET EXHIBIT H

FINANCIAL INFORMATION

Applicant possesses the financial resources necessary to initiate and sustain the proposed telecommunications operations in Georgia. Applicant's balance sheet and statement of operations and member's equity for year ending December 31, 2025, under separate confidential cover with request for trade secret treatment. As reflected therein, Applicant possesses substantial assets and member's equity, more than sufficient to initiate and sustain the proposed operations in Georgia.

In addition, Applicant is an indirect wholly owned subsidiary of Quanta Services, Inc. (NYSE: PWR), a Fortune 500 company whose audited consolidated financial statements are filed with the U.S. Securities and Exchange Commission and are publicly available. Quanta Services, Inc.'s most recent annual report can be found here: 2025 Annual Report. Capital expenditures associated with Applicant's Georgia operations will be funded through the operating resources of Applicant and its parent.

Pursuant to GA. Comp. R. & Regs. r. 515-3-1.11, Applicant respectfully requests trade secret protection of the remainder of TRADE SECRET EXHIBIT H, (the "Trade Secret Exhibit") to the Application, submitted as a Trade Secret attachment in the Alternative e-File system. The Trade Secret Exhibit contains business and financial information that is trade secret confidential, sensitive, and proprietary. Therefore, Applicant respectfully requests that the Commission protect this Trade Secret Exhibit as trade secret and not release it to the public without Applicant's express consent (except as provided for under GA. Comp. R. & Regs. r. 515-3-1.11). In support, Applicant encloses a copy of the Request for Trade Secret Treatment.
