RE: Docket No. 36946 – Eligible Telecommunications Carrier Repository
Docket – Assurance Wireless's 1st and 2nd Q 2026 customer deactivation reports

Dear Ms. Tanner:

Assurance Wireless USA, L.P. ("Assurance") hereby submits in the attached sealed envelope the **TRADE SECRET** versions of Assurance's customer deactivation reports for the first and second quarters, 2026, as required by the Commission's Orders in Docket No. 31297.

Assurance's reports are hereby filed under protective seal with the designation **"TRADE SECRET"** displayed. The trade secret information pertains to the number of Assurance Lifeline customers deactivated by category. Such information is proprietary, sensitive in nature, and would provide competitors with valuable market information relating to Assurance's customers and provisioning of service within the State of Georgia. Assurance makes all reasonable efforts to keep this information confidential and exempt from public disclosure. Assurance does not possess similar information regarding its competitors' customers. Accordingly, Assurance respectfully submits the information to the Commission pursuant to Commission Rule 515-3-1-.11 ("Trade Secrets").

This filing is being made using the Commission's Alternative Electronic Filing Procedures ("Procedures"). An original electronic version of this letter, a Public Disclosure version of the reports, and the affidavit required by O.C.G.A. Section 50-18-72(a)(34), are included in the electronic filing. A hard copy Public Disclosure version of the filing, as well as **TRADE SECRET** versions of the reports in a sealed envelope, are being sent to the Commission today via overnight delivery, and the overnight package will include a copy of the email confirmation as requested in the Procedures. Thank you for your assistance, and please call me if you have any questions regarding this matter.

Sincerely,

ADAMS & REESE, LLP
