COLQUITT ELECTRIC MEMBERSHIP CORPORATION

SEASONAL SERVICE
SCHEDULE 5

AVAILABILITY

Available in all territory served by the Cooperative and subject to the Cooperative's Service Rules and Regulations.

APPLICABILITY

Applicable to seasonal agri-business consumers whose highest annual non-coincidental demand exceeds 50 kW and where ninety percent (90%) or more of the consumer's annual kWh usage occurs within the usage months of September through June. Service under this rate includes but is not necessarily limited to bulk storage bins, corn dryers, peanut dryers, grain dryers, etc. and related equipment.

TYPE OF SERVICE

Single-phase and multi-phase, 60 hertz, at the following standard voltages: 120/240, 120/208, 277/480, 240/480, or other voltage as might be mutually agreeable.

MONTHLY RATE

Service Charge:	@	$119.00 per month
Demand Charge:	@	$ 5.45 per kW
Energy Charge:	@	8.75 cents per kWh

MINIMUM MONTHLY BILL

The minimum monthly charge shall be the greatest of:

A. The sum of Service and Demand Charges as stated above

B. $0.75 per kVA of installed transformer capacity

C. Contract minimum

DETERMINATION OF BILLING DEMAND

If a consumer's load is seasonal in nature and his demand is highest during late spring and early fall but not during all of the months July and August, the kW billing demand shall be the greater of:

A. The current month maximum demand.

B. The sum of: 18.75% of the maximum demands for each of the preceding months of July and August.

REACTIVE DEMAND ADJUSTMENT

The Cooperative may install metering equipment to measure reactive demand. The reactive demand is the highest 30-minute kVAR measured during the month. The Cooperative shall bill to the consumer the kVAR which is in excess of one-half the measured kW in the current month, at $0.30 per kVAR.

WHOLESALE POWER COST ADJUSTMENT

The above rate shall be increased or decreased in accordance with the Cooperative's Wholesale Power Cost Adjustment Provision, Schedule WPCA-12.

EXCESS FACILITIES CHARGE

Should the consumer's service requirements necessitate the construction of facilities in excess of those normally provided by the Cooperative, a monthly facilities charge will be billed to the consumer in addition to all other charges contained in this schedule.

CONTRACT PERIOD

One of the following contracts will be required between the Cooperative and the consumer:

A. A contract of not less than one year for each consumer requiring up to 500 kW (maximum anticipated 30-minute kW).

B. A contract of not less than five years for each consumer requiring more than 500 kW (maximum anticipated 30-minute kW).
