TRADE SECRET STATUS AFFIDAVIT
GEORGIA PUBLIC SERVICE COMMISSION
ROVER HOLDINGS US LLC
APPLICATION FOR CERTIFICATE OF AUTHORITY TO RESELL TELECOMMUNICATIONS SERVICE (RESELLER)

All documents, data, letters and generated information received by the State constitutes a "public record" and is subject to disclosure under the Georgia Open Records Act ("GORA"). O.C.G.A. § 50-18-70 *et seq.* However, pursuant to O.C.G.A. § 50-18-72(a)(34), "[an] entity submitting records containing trade secrets that wishes to keep such records confidential under this paragraph shall submit and attach to the records an affidavit affirmatively declaring that specific information in the records constitute trade secrets pursuant to Article 27 of Chapter 1 of Title 10 [O.C.G.A. § 10-1-760 et seq.]."

O.C.G.A. § 10-1-761(4) defines "Trade secret" as " ... information, without regard to form, including, but not limited to, technical or nontechnical data, a formula, a pattern, a compilation, a program, a device, a method, a technique, a drawing, a process, financial data, financial plans, product plans, or a list of actual or potential customers or suppliers which is not commonly known by or available to the public and which information:

A. Derives economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and

B. Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy."

Therefore, the information listed below and attached hereto, that are submitted with Rover Holdings US LLC (the "Applicant") application to the Georgia Public Service Commission for a Certificate of Authority to resell telecommunications service (the "Application") are marked as trade secret pursuant to O.C.G.A. § 10-1-761(4) and Ga. Comp. R & Regs. 515-3-1-11:

- The entirety of Trade Secret Exhibit E to the Application, "Financial Statements."

The foregoing information in the Application shall be marked as trade secret and withheld from the Georgia Open Records Act because:

1. It includes business and financial information that is trade secret confidential, sensitive, and proprietary;

2. Applicant would suffer economic and competitive disadvantage if other persons who can obtain economic value from its disclosure access this information, which is not readily ascertainable by proper means; and

3. Applicant and its affiliated entities have taken steps to maintain this type of information as trade secret, including by not publishing this information publicly and filing it as trade secret/confidential in similar certificate of authority applications in other states.

Under penalty of perjury, acknowledging that O.C.G.A. §16-10-71 provides a penalty of a fine of up to $1,000 and potential imprisonment of one to five years, I attest that the information in the records listed above constitute trade secrets pursuant to O.C.G.A. § 10-1-761(4), and request that the State of Georgia and the Georgia Public Service Commission not disclose this protected information under GORA and Ga. Comp. R. & Regs. 515-3-1-11.

EXHIBIT B

Ownership Chart for Rover Holdings US LLC
and Other Background Information

Rover Holdings US LLC (the "Applicant") currently is a wholly owned direct subsidiary of Verizon Communications, Inc. ("Verizon"). Verizon is a Delaware corporation and publicly traded, with its principal offices located at One Verizon Way, Basking Ridge, New Jersey 07920. The current ownership structure of the Applicant is illustrated below.

The Applicant's request for a Certificate of Convenience and Necessity is related to a joint venture between Verizon and British Telecommunications Limited ("BT"). Specifically, Verizon and BT intend to contribute their respective international enterprise business units to Jasper NewCo Limited ("Jasper NewCo"), a new joint venture that is owned 50 percent each by Verizon and BT, in order to better serve their international enterprise customers' needs across more countries. Jasper NewCo primarily will provide international enterprise services to multinational business customers. However, a portion of Verizon enterprise customers to be contributed to Jasper NewCo receive some domestic U.S. services as part of their larger package of global network services currently purchased from Verizon, including intrastate telecommunications services in Georgia. Rover will be the entity responsible for providing domestic telecommunications services, and will be seeking operating authority in all 50 states and Washington, D.C.

The Applicant was formed for the purpose of effectuating the joint venture and will hold the U.S. assets Verizon will contribute to Jasper NewCo. The Applicant is currently wholly owned by Verizon but will be transferred to Rover Holdings Limited, which will become a wholly owned subsidiary of Jasper NewCo during the closing of the joint venture. Rover seeks a CC&N so that Verizon's contributed enterprise customers can continue to seamlessly receive the certificated Georgia services they already receive from a Verizon subsidiary. The Applicant will not offer services to mass-market customers, and the joint venture does not impact mass-market customers, residential service, or wireless service provided by Verizon's affiliates.

Verizon and BT have filed an application with the Federal Communications Commission

("FCC") seeking FCC consent for the joint venture. The application is available at https://www.fcc.gov/ecfs/document/26110075972/1 in WC Docket No. 26-250.
