DARIEN STATEMENT FOR TRADE SECRET PROTECTION

Darien Telephone Company, Inc. ("Darien") hereby files this Statement for Trade Secret Protection for Darien's financial and operational data, including all associated work papers pursuant to Section 515-3-1-.11 of the Rules of the Georgia Public Service Commission ("PSC"), and states as follows:

1. Rule 515-3-1-.11 requires that a party claiming that information constitutes a trade secret provide, in writing, that basis of this claim. Rule 515-3-1-.11(c) specifically requires that this statement detail (1) the economic benefit derived from the information not being generally known; (2) the economic benefit to others if disclosure were to occur and (3) the procedures utilized to maintain confidentiality. This statement is submitted pursuant to those requirements. Darien is submitting this statement in accordance with the Commission's rules requiring submission of financial data in response applicable to tariff changes. The expenses and revenues and other financial information included in these studies are trade secret.

2. The subject trade secret material is financial and operational data, including all associated rate changes and number of customers.

3. The release of this operational and revenue information would disadvantage Darien by providing its competitors an unfair competitive advantage by disclosing data regarding Darien's customers and finances that is not generally known and would not be readily ascertainable to third parties by any proper means. Darien takes all appropriate and legal measures to ensure that such information is disseminated

internally only to those with a need to know, and that all public measures are taken to protect the information when it is required to be filed in a public forum.

4. Release of Darien's proprietary financial information to the general public would provide Darien's competitors an unfair advantage in a competitive market.

This 6th day of November 2026.
